

The Reshaping of Britain

An insider's account of the Church of England's role in the reshaping of our culture

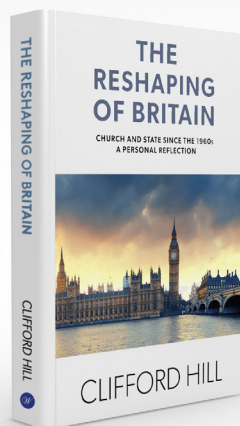

Join us to hear from Revd Dr Clifford Hill as he introduces his latest book, *The Reshaping of Britain*. In this book, Dr Hill charts the societal and spiritual changes which have transformed the nation since the 1960s and examines the central role of the Church of England in this.

Dr Hill's book is a living record of the contemporary history that reveals previously unknown details of significant events in the life of the nation over the last 60 years. Dr Hill will speak from his personal experiences of working closely with a number of archbishops and parliamentarians over several decades. During his time in ministry, Dr Hill has written over forty books - **this latest book is among the most important, if not the most important.**

Don't miss out on meeting the author and having your complimentary copy of the book signed.
