

Revising the Diocesan Boards of Education Measure

The Revd Nigel Genders, Chief Education Officer, invites you to a Synod fringe event about the review of the Diocesan Boards of Education Measure 1991.

The DBE Measure provides for the establishment and constitution of a Diocesan Board of Education (DBE) in each diocese and confers powers, functions and obligations on DBEs to enable the Church's state education functions to be discharged at diocesan level.

Changes to the education landscape mean that it is necessary to review the Measure to ensure that the range of functions and powers it bestows on DBEs are sufficient to enable them to play their part in supporting and promoting the development of Church schools. This is the opportunity to hear more about the proposed legislation before it is brought to the July Synod meeting.

Buffet lunch will be provided.
