We are engaged with Safe Passage to ensure that commitments made as part of the EU continue. Called on HMG to implement the recommendations set out in Feeding Britain in respect of the use of sanctions upon benefit claimants, to initiate a full independent review of the impact and efficacy of the sanctions and conditionality regime and to encourage every part of the Church of England to offer practical and pastoral support to those experiencing benefit sanctions, building on the Church's work with food banks, credit unions and debt advice.'

Follow-up

MPA's Emergency Use Only report highlighted the impact of sanctions on food bank use. A major study by York University found sanctions increase destitution and are largely ineffective in promoting employment. MPA is on the advisory group of a pilot scheme, led by The Children's Society, to improve crisis support provision in the UK, following its report on the decline in local welfare assistance schemes. MPA is also a member of End Hunger UK, which is calling on Government to reduce household food insecurity by tackling the underlying causes of poverty, including the sanctions system and other changes to UC.

Further work will help dioceses and educationalists to ensure the vision has impact in their local context. The Education Office is clear in the message that this the Church of England's vision for education, not restricted to Church of England Schools, and so the vision is at the heart of our attempts to shape and develop policy across the educational landscape.

Date Passed	09 July 2016	Motion	Nurturing and Discerning Senior Leaders (GS 2026)	Intended Audience	Bishops and Dioceses

That the Synod commend initiatives in this anniversary year to foster mutual understanding and reconciliation between churches, for the sake of our deeper renewal in the grace of God and our ability to share the gospel of salvation with all the world.</p>					
Follow-up <p>The Council for Christian Unity working together with the Lutheran Council of Great Britain held a day in Cambridge on the theme <i>Reformation then and now</i>. There was strong representation from the Church of England while the highlight of the year in this country was the major service at Westminster Abbey on 31 October 2017, at which the Archbishop of Canterbury preached and then made a presentation to representatives of the Roman Catholic Church and Lutheran World Federation regarding the Anglican Consultative Council's resolution on the Joint Declaration on the Doctrine, referred to in the motion approved by Synod.</p>

Date Passed	15 February 2017	Motion	Fixed Odds Betting Terminals (GS 2054A and GS 2054B)	Intended Audience	Her Majesty's Government; dioceses and parishes
Action called for <p>The Synod welcomed the work of HM Government to review the maximum stake for Fixed Odds Betting Terminals and call on HM Government bring forward proposals to reduce the maximum stake from £100 to £2 and to grant local authorities power to make provision about the number and location of such terminals.</p>					
Follow-up <p>The Church of England took a leading role in the campaign, led by the Bishop of St Albans, and we are delighted that, after a sustained pressing of the case both privately and in public, the Government has decided on a £2 maximum. We continue to press for an early implementation date. The Bishop has sponsored a Bill to extend the powers of local authorities in this matter; we shall continue to advocate this, as we see how stake reductions impact the high street outlets; but our main focus is moving to online gambling, advertising, and the effects on children.</p>					

Date Passed	16 February 2017	Motion	Setting God's People Free: Report from the Archbishops' Council (GS 2056)	Intended Audience	Archbishops' Council; House of Bishops; dioceses and parishes
Action called for <p>The Archbishops' Council is to develop the implementation plan referred to in section 5 of the report and work closely with the House of Bishops and the dioceses in taking it forward.</p>					
Follow-up <p>The implementation of Setting God's People Free was initially funded as a three-year programmed from 2017 to 2020. Extension funding through Renewal and Reform has extended this to run until 2022. The recommendations in the report approved by Synod have been adopted as a key priority area of the Archbishop's Council Evangelism and Discipleship team. Progress on implementation was reported back to General Synod in the July 2019 sessions (GS 2145). By the end of 2020 32 Dioceses will have participated in the Discipleship Learning Communities established to help integrate SGPF recommendations into diocesan plans. This includes taking practical steps to with worshiping communities to develop new resources for worship, faith formation and witness and to adapt diocesan communications, ministerial training and development. Additional support for dioceses and a full range of resources to enable the whole people of God to live out our faith in everyday life are also key elements of this work.</p>					

Date Passed	16 February 2017	Motion	Mission and Administration (GS 2057A and GS 2057B)	Intended Audience	Archbishops' Council
<p>Action called for</p> <p>Considering the ratio of time and money spent in administration to that spent in mission, confirm that the principle of subsidiarity should not be applied to purely administrative functions and request the Archbishops' Council to consult with the Church Commissioners and dioceses, with the objective of establishing centralized administrative facilities so that other functions which can be handled more efficiently thereby are transferred accordingly.</p>					
<p>Follow-up</p> <p>People and Data Programme</p> <p>This is the substantial piece of work that is bringing together people data, systems and processes from across the Church of England. A reminder of what we're aiming to achieve is available on the programme microsite.</p> <p>During spring and summer 2020, we have been building the framework of the system which will be subject to six rounds of testing before the system goes live. The Synod gave final approval to a Miscellaneous Provisions Measure last July which gives the Archbishops' Council power to make Regulations requiring bishops to provide the Council with information to produce a national register of authorised clergy, and the Council to publish the register. The Synod is considering draft regulations in these sessions so that the Register can go live in the second quarter of 2021</p> <p>Pathways</p> <p>A national service to better enable and support recruitment (Pathways), particularly through the provision of digital tools, was launched in August 2017. To date (October) there are 38 subscribers to the Pathways system. In 2019, we advertised 993 posts, of which 406 were for open ordained vacancies. 8 major updates were released including ability for all candidates to save as they complete their applications which was the highest indicated adjustment required. To support dioceses in using the Pathways system, localised control of templates was launched in 2019 and in 2020 work on reworking the clergy application process was undertaken by a committee which included Bishop Pete Broadbent, senior delegates from CPAS, The Crown and other dioceses. This outcome (Due for release 2021) will lead to a better user journey for the candidates as well as the ones undertaking the recruitment of clergy.</p>					

Date Passed	07 July 2017	Motion	After the General Election, a still small voice of calm	Intended Audience	Dioceses, the whole Church of England
Action called for Please visit our website to see the full motion wording (July group of sessions 2017 – Fourth Notice Paper), which was passed unamended.					
Follow-up Another General Election has now taken place. The success of the Conservatives in many hard-pressed communities may lead to strong attention to those areas' needs, but what form this may take is uncertain. The church may be able to build constructively on the PM's "One Nation" rhetoric. Bishops are involved in local ventures to rebuild community trust. MPA is linking between MHCLG's unit monitoring community tensions and the dioceses so that the church's grass roots knowledge can be fed into HMG policy.					

Date Passed	08 July 2017	Motion	Presence and Engagement: Report from the Mission and Public Affairs Council (GS 2063)	Intended Audience	Presence & Engagement Centres; dioceses; Presence & Engagement Task Group
Action called for Commend the national P&E programme and offer prayerful support for its work over the next five years, requesting that the fruit of this be made available through P&E Centres and as a report back to Synod. Encourage dioceses to incorporate cultivation of relationships with other faith communities into their mission plans. Re-affirm <i>Sharing the Gospel of Salvation</i> (GS Misc 956) and call on the P&E Task Group to continue supporting parishes bearing faithful witness to the gospel of Jesus Christ with sensitivity and confidence among people of other faiths.					
Follow-up A range of work continues to support and resource churches for ministry in multireligious contexts. Recent areas of focus have included partnering with the Office of the Chief Rabbi on a twinning programme for priests and rabbis, continuing to broaden our networks among ordinands and curates, closer working with the Christian Muslim Forum and contributing to the Faith and Order Commission's work on Christian-Jewish relations. P&E also continues to assist clergy welcoming Persians into their congregations, and encourage the appointment and greater utilisation of diocesan interfaith advisers.					

Date Passed	08 July 2017	Motion	National Support for Local Churches: Report from the Archbishops' Council (GS 2069)	Intended Audience	Dioceses; parishes; Archbishops' Council
Action called for That the national team continues to create resources and training that supports local churches in their mission, evangelism and ministry.					
Follow-up The new Evangelism and Discipleship Team have and are producing lots of resources to support local churches. These include: <ul style="list-style-type: none"> • The new Talking Jesus Course, which helps people to confidently talk about their faith. • Mission Academy Live – which helps young people to share their faith with their friends. • Various discipleship resources especially through the digital #LiveLent Course & the Ordinary Time campaign • The Follow the Star campaign and especially the pocket-sized booklet inviting people to reflect on the Wise Men this Christmas • Resources to help churches develop a culture of invitation • Resources to develop a Welcoming community. All these resources have been created and are being used by local churches. Further resources are being developed through the Connected Disciples portal around Everyday Faith and Everyday Witness.					

Date Passed	08 July 2017	Motion	Conversion Therapy (GS 2070A & GS 2070B)	Intended Audience	The Church; HM Government
Action called for Endorsement of the Memorandum of Understanding on Conversion Therapy in the UK (2015). To be sensitive and to listen to contemporary expressions of gender identity. The Government to ban the practice of Conversion Therapy.					
Follow-up The Under-Secretary of State for the Care & Mental Health has been petitioned by the Clerk to the Synod. The Second Estates Commissioner and staff met the minister and officials at the DoH to reinforce the CofE's opposition to Conversion Therapy. The Living in Love and Faith working group on Social and Biological Sciences has engaged with the evidence and reinforces Synod's position on Conversion Therapy. The LLF process continues to engage with questions of gender identity. MPA staff joined a round table during 2019 to brief staff from the Government Equalities Office responsible for drafting legislation on Conversion Therapy.					

Date Passed	09 July 2017	Motion	Welcoming Transgender People (GS 2071A & 2071B)	Intended Audience	House of Bishops
Action called for Welcoming and affirming transgender people in the parish Church. Consideration by the House of Bishops on whether some nationally commended liturgical materials might be prepared to mark a person's gender transition.					
Follow-up The HoB Delegation Committee considered and endorsed a draft text of Pastoral Guidance for using the Common Worship Rite of Affirmation of Baptismal Faith in the context of gender transition. This Guidance gives practical suggestions for how the rite of Affirmation can be used. It was written after consultation with a group of transgender clergy who endorsed the draft. The text received final approval at the December 2018 meeting of the House of Bishops. Subsequent consultation with clergy and laity anxious about the interpretation and application of the advice resulted in some amendment to the way the advice is presented.					

Date Passed	09 July 2017	Motion	Clergy Wellbeing: Report from the House of Clergy (GS 2072)	Intended Audience	The Appointments Committee
Action called for Welcome and support for the proposal to establish a Covenant for Clergy Wellbeing. Invite the Appointments Committee to appoint a Clergy Wellbeing Working Group to bring proposals for such a Covenant back to this Synod by July 2019.					
Follow-up The Clergy Wellbeing Group has completed its work on its report, following the feedback it received on its draft report which it had put out for consultation in October 2018. This included separate discussions by the Houses of Clergy and Laity just prior to the February 2019 Group of Sessions. The Group's report was debated at the Group of Sessions in July (see GS 2133). The group hopes that this – followed by the adoption of the proposed Clergy Covenant as an Act of Synod in February 2020 (see GS 2153 and GS Misc 1246) – will trigger subsequent debates and conversations at diocesan and parish level and in so doing help ensure that clergy wellbeing is taken more seriously than hitherto. The group anticipates that this next phase would be overseen by a facilitation group.					

Date Passed	09 July 2017	Motion	Schools Admissions Code (GS 2073A & GS 2073B)	Intended Audience	Secretary of State; admissions authorities.
<p>Action called for</p> <p>Include provision in the Schools Admission Code requiring admission authorities to allocate places to children of clergy (and other workers who are required to live in tied accommodation) in advance of the family arriving in the area. Call on admissions authorities to accept letters of appointment as proof of residence ahead of children of clergy (and others previously mentioned) moving to the area.</p>					
<p>Follow-up</p> <p>The Secretary of State for Education has been petitioned by the Clerk to the General Synod.</p>					

Date Passed	10 July 2017	Motion	Cost of applying for citizenship (GS 2047A & GS 2047B)	Intended Audience	Mission and Public Affairs Council; Lords Spiritual; parishes
<p>Action called for</p> <p>Request that MPA Council investigate issues around the cost of applying for citizenship and made recommendations to HM Government. Encourage the Lords Spiritual to actively seek opportunities to address the issue of fees in debate. Urge parishes to raise the issue with their MP. Encourage parishes to support those who are struggling with the cost of citizenship fees to avoid debt and signpost responsible lenders.</p>					
<p>Follow-up</p> <p>The motion was communicated to the Home Office, and pressure continues; especially about the deliberate setting of fee levels, including those for applications on behalf of children, at a level substantially higher than the cost of processing the application. The recent concern about the theme of a 'hostile environment' has brought fresh attention to the high fees, not only for citizenship but for immigration-related applications (especially on behalf of children), and we are pressing that fees should reflect costs, rather than being a revenue opportunity.</p>					

Date Passed	8 February 2018	Motion	<i>Discerning in Obedience: A theological review of the CNC</i> (GS 2080)	Intended Audience	
Action called for The Synod took note of the Report – which included an implementation plan (see GS 2080).					
Follow-up This Synod discussed some proposed Standing Order changes (GS 2144) at July 2019 Synod. Members received a report from the Bishop of Lichfield who chairs the monitoring group established by the Archbishops of Canterbury and York (GS Misc 1232). It is proposed that a further report be produced in July 2020.					

Date Passed	9 February 2018	Motion	Companion Links and the Anglican Communion (GS 2081)	Intended Audience	Dioceses; deaneries; and parishes
Action called for The motion calls for dioceses, deaneries and parishes to make international links a central part of their strategy for mission and discipleship.					
Follow-up The World Mission and Anglican Communion Panel continues to work with Dioceses to encourage development in world mission through the Diocesan Companion Links and the Partnership for World Mission agencies. The Panel and the World Mission Adviser are working through the Lambeth Conference Hospitality Initiative to further the aims and outcomes of GS 2081.					

Date Passed	9 February 2018	Motion	Food Wastage (GS 2077A and GS 2077B)	Intended Audience	Her Majesty's Government; dioceses; parishes
Action called for Request that dioceses and parishes work with voluntary initiatives to lobby for local food retailers to review their food waste policy. Ask Government to take effective action to minimise food waste and encourage church members to do the same in their own homes.					
Follow-up Under Shrinking the Footprint MPA has been seeking to roll these actions into the wider programme of work that includes the Lent Plastics Challenge and green procurement. Date Passed	8 July 2018	Motion	Climate change and investment (GS 2093 & GS Misc 1196)	Intended Audience	National Investing Bodies
--------------------	-------------	---------------	--------------------------------------------------------	--------------------------	---------------------------

Action called for

The National Investing Bodies (NIBs) were urged to: engage urgently and robustly with companies rated poorly by the Transition Pathway Initiative (TPI) and, beginning in 2020, to start to disinvest from the ones that are not taking seriously their responsibilities to assist with the transition to a low carbon economy; ensure that by 2023 they have disinvested from fossil fuel companies that they have assessed, drawing on TPI data, as not prepared to align with the goal of the Paris Agreement to restrict the global average temperature rise to well below 2°C; and proactively to seek and scale up investment in renewable energy and low carbon technology.

Follow-up

Since the Synod debate in July 2018, the NIBs have continued to pursue action on climate change as their overwhelming ethical investment priority. In January 2020 each of the NIBs committed to transitioning to a Net Zero emissions portfolio by 2050 at the latest. The focus is on achieving this through effecting transformation and emissions reduction in the real economy. The target applies to all asset classes within the portfolio, which will be reflected in the NIBs' activity and reporting. In January 2020 the Pensions Board announced the launch of the FTSE TPI Climate Transition Index, the result of a partnership with FTSE Russell and TPI that addresses climate transition risk and opportunity through five criteria: fossil fuel reserves, emissions, green revenues, and the two TPI assessments. The Board have led a process amongst European Investors to develop a Net Zero Investing Framework to provide a common basis for investors to transition to net zero across all their asset classes. The NIBs continue actively to seek low carbon investments that meet their investment criteria.

Action called for the Business Committee to introduce a draft Church Representation Rules (Amendment) Resolution at the July 2020 group of sessions to give effect to the recommendations at paragraph 22 of GS 2154.					
Follow-up The Synod approved the allocation of seats for 2020 but due to Covid-19, the elections for the new General Synod has been deferred for 12 months.					

Date Passed	11 February 2020	Motion	Windrush Commitment and Legacy (GS 2156A and GS 2156B)	Intended Audience	The whole Church and BAME Communities beyond the Church
<p>Action called for This Synod to:</p> <p>(a) lament, on behalf of Christ's Church, and apologises for, the conscious and unconscious racism experienced by countless Black, Asian and minority ethnic (BAME) Anglicans in 1948 and subsequent years, when seeking to find a spiritual home in their local Church of England parish churches, the memory of which is still painful to committed Anglicans who, in spite of this racism from clergy and others, have remained faithful to the Church of England and their Anglican heritage;</p> <p>b) request the Archbishops' Council to commission research to assess the impact of this on the Church of England in terms of church members lost, churches declining into closure, and vocations to ordained and licensed lay ministries missed, and to report back to this Synod and the wider Church;</p> <p>c) express gratitude to God for the indispensable contribution to the mission, ministry, prayer and worship of Christ's Church in this nation made by people of BAME descent in the Church of England;</p> <p>d) acknowledge and give joyful thanks for the wider contribution of the 'Windrush generation' and their descendants to UK life and culture in every field of human activity, including service across the Armed Forces and other services during and after the Second World War;</p> <p>e) resolve to continue, with great effort and urgency, to stamp out all forms of conscious or unconscious racism, and to commit the Church of England to increase the participation and representation of lay and ordained BAME Anglicans throughout Church life; and</p> <p>f) request the Archbishop's Council to appoint an independent person external to the Church to assess the current situation as regards race and ethnicity in the Church, in order to present a report to this Synod with recommendations for actions to achieve reconciliation and authentic belonging so that we can move towards truly being a Church for all people.</p>					
<p>Follow-up The Archbishops have established a Task Force to combat Racism which has met over the summer 2020. It is reviewing historic recommendations and addressing the church's ineffectiveness in combating racism. It will pave the way for a Commission on Racism, to begin in 2021, to maintain pressure for change and consider more radical interventions. Following the retirement of Dr Elizabeth Henry, a search is under way for her replacement and the Revd Canon Dr Chigor Chike has been seconded from the Diocese of Chelmsford to prevent loss of momentum on the work.</p>					

Date Passed	12 February 2020	Motion	Safeguarding: Response to recommendations in IICSA May 2019 Investigation Report (GS 2158)	Intended Audience	General Synod
-------------	------------------	--------	--------------------------------------------------------------------------------------------	-------------------	---------------

Action called for

That this Synod endorse the Archbishops' Council's response, set out in GS 2158, to the five recommendations made by the Independent Inquiry into Child Sexual Abuse in its investigation report Anglican Church Case Studies: Chichester/Peter Ball (May 2019) at pages 206 to 207.

Follow-up

Recommendation one: Amending Canon No. 40 which will be enacted at the November 2020 group of sessions, provides for the House of Bishops to provide guidance to which members of religious communities, and other persons exercising functions in relation to religious communities, will be required to have regard. The Miscellaneous Provisions Measure 2020, which the Canon was dependent on, completed its parliamentary stages in March 2020. Arising from these legislative changes, the definition of "religious community" in the Canons and the Church Representation Rules will be changed so that it means a community designated by the House of Bishops under the regulations related to Amending Canon 40. A revised safeguarding policy for religious communities is due to be brought to the NSSG for approval in November 2020 to go alongside the new regulations.

Recommendation two: Amendments to the Safeguarding and Clergy Disciplinary Measure 2016 will be presented to the November 2020 group of sessions. It will propose an alternative to the term 'due regard' and an obligation to follow a mandatory code of practice is proposed. Safeguarding policy documents continue to be revised and redesigned across 2020 and early 2021 to provide greater clarity about what is 'must do' under the proposed code, and what is advisory guidance. While the new legislation is prepared, the NCI Legal Office has issued a guidance note providing further clarity about the term 'due regard'

Recommendation three: Church has written to the government inviting it to consider a broader definition than that recommended by the Inquiry: to amend the definition of 'Positions of Trust' as defined within Section 21 of the Sexual Offences Act 2013 to apply not just to clergy but also lay officers who are in regulated activity such as those employed or who volunteer to lead children's and youth work. A response from the Home Office indicated that they considered the current legislation sufficient, however the Church continues to support the need for change. A letter was also sent from the National Safeguarding Team to the All-Party Parliamentary Committee on Safeguarding In Faith Settings in autumn 2019 outlining this position.

Recommendation four: House of Bishops Safeguarding policy details the requirements for DBS checks (in line with eligibility requirements) and mandatory training for church officers including clergy. Failure by ordained clergy to follow House of Bishops Safeguarding Policy is considered under Section 5 of the Safeguarding and Clergy Discipline Measure 2016. The revised Safer Recruitment and People Management policy, which was circulated for first consultation in September, requires all staff/volunteers to have completed their mandatory Safeguarding training before probation can be signed off.

Recommendation five: The Learning Lessons Case Review policy is due to be considered by the NSSG in January 2021 for approval and will include provision for the sharing of reviews.

Date Passed	12 February 2020	Motion	Climate Emergency and Carbon Reduction Target (GS 2159)	Intended Audience	All parts of the Church of England, including parishes, BMOs, education institutions, dioceses, cathedrals and the NCIs
Action called for (a) all parts of the Church of England, including parishes, BMOs, education institutions, dioceses, cathedrals and the NCIs, to work to achieve year-on-year reductions in emissions and urgently examine what would be required to reach net zero emissions by 2030 in order that a plan of action can be drawn up to achieve that target; (b) the Environment Working Group and the NCIs to report on progress every 3 years beginning in 2022; (c) each Diocesan Synod and cathedral Chapter to address progress toward net zero emissions every 3 years.					
Follow-up A proposed definition of the scope of our net zero target has been prepared, gone out to consultation and been agreed by the Environment Working Group. This definition can be found in full in GS Misc 1262 The Energy Footprint Tool for churches has been launched and used by 4,500 churches. The Energy Audit programme for 2020/21 is open, and data from the programme for 2019/20 has been analysed, leading to the Guidance note 'Practical Path to Net Zero'. Other guidance has been issued on energy efficiency and heating principles. A series of webinars to support Dioceses and Parishes to reach net zero has been created. Net Zero has been on the agenda of many national and regional events this year, raising awareness, including a recent meeting at which over 40 bishops and both archbishops participated. A full list of which Dioceses have passed motions committing themselves to a net zero target and those which have signed up to Eco-Diocese is also available in the GS Misc paper. More progress is needed over the coming year on this, and all General Synod members are asked to work across their sphere of influence to achieve this.					

Date Passed	12 February 2020	Motion	End to Paupers' Funeral	Intended Audience	Churches Funerals Group
<p>Action called for the Archbishops' Council to direct and resource the Life Events Advisory Group, in consultation with the Churches Funerals Group and the British Council of Funeral Services to:</p> <ul style="list-style-type: none"> i) undertake the formation of plans at national, diocesan and parish levels to utilise Church resources (whether in the form of finance, volunteers or buildings) to tackle the issues relating to and, where possible, end 'pauper funerals'; ii) work with other stakeholders to find ways, at an affordable price, to deliver a more compassionate send off for the departed and to meet the spiritual and emotional needs of those left behind; and iii) report progress made with reference to the above by the end of 2021; and iv) further call on Her Majesty's Government to develop with Council leaders a national plan and basic standards for 'pauper funerals', which should include allowing a Christian funeral service to take place in Church or at a Crematorium, for family or others to attend, and the return of the departed (where permitted) to family members. 					
<p>Follow-up A sub-group of the Funerals Group has been set up to work on this issue, and had a productive first meeting at which the Institute of Cemetery and Crematoria Management's representative to the Funerals Group set out a provision statement for review. It is the intention that this statement will be offered as best practice, after it has been ratified at a future meeting of the APPG, enabling it to be promoted as a statutory requirement. It is understood that guidelines have been circulated by the Department of Housing Communities & Local Government. The Chair of the Funerals Group attended the All Party Parliamentary Group (APPG) for Funerals and Bereavements on 22 September together with one of the funerals industry representatives to the Group, at which a representative of Down to Earth (the Quaker Social Action team dealing specifically with funeral poverty) gave a presentation setting the standards for public health funerals and the availability of social funding. It is anticipated that the Chair of the APPG will follow the actions through.</p>					

Date Passed	12 February 2020	Motion	Through His Poverty (GS 2149A and GS 2149B)	Intended Audience	The structures of the Church of England
<p>Action called for the Archbishops' Council to commission a study that</p> <ul style="list-style-type: none"> a) explores the reasons why the Church of England is generally less effective in communicating with, and attracting people from, more disadvantaged communities despite the gospel being good news for the poor; b) explores ways of addressing and reversing this situation, such as: <ul style="list-style-type: none"> i. actively seeking to select and train more people from disadvantaged communities ii. deploying more resources into reaching people from disadvantaged communities iii. gathering and disseminating stories of good practice from churches working in disadvantaged communities; and c) builds upon the work of the GRA:CE project in exploring the links between social action, discipleship, and church growth. 					
<p>Follow-up The design and delivery of a study as proposed present serious difficulties, which were raised at Synod. Studies that could be attempted without major new resources would be too small to provide answers. No new resources have been available. However, point (i) is being addressed as Ministry Division reviews its approaches and (in relation to disadvantaged BAME communities) through the Task Force on racism. Point (ii) is being addressed through the deployment of Church Commissioners' funding to dioceses. The GRA:CE project is led by CUF and MPA is working closely with CUF on this and other work addressing the motion.</p>					

Date Passed	13 February 2020	Motion	Legal Aid Reform (GS 2163A and GS 2163B)	Intended Audience	Her Majesty's Government
<p>Action called for Her Majesty's Government to respond positively to these reports and explore ways of alleviating the impact that the 2012 Act has had on the most vulnerable and disadvantaged people in our society to seek professional help in bringing their claims before our courts and tribunals.</p>					
<p>Follow-up In September 2020 MPA submitted evidence on the impact of legal aid changes to the parliamentary Justice Committee. This submission drew on the reports identified in the synod report, on the ethical importance attached to universal access to justice and on the practical work of churches filling gaps in the provision of legal aid.</p>					

Date Passed	12 February 2020	Motion	Children and Youth Ministry (GS 2161)	Intended Audience	Dioceses, Evangelism and Discipleship Team and the National Church Institutions

<p>Follow-up</p> <p>1) A number of diocese had initiated conversations with the Evangelism & Discipleship team to look at the under 16's statistics within their own diocese and try and address the best way to address the decline at a diocesan level and support churches that are looking to address this at a parish level.</p> <p>2) Since Feb, a team has been assembled to look at additional research to further look into what some of the factors are that are contributing to growth in churches with growth. The group has agreed to look at all churches who have grown by 10 or more under 16's in the last 5 years with growth between 2016 & 2017 and again from 2017 to 2018. This does not only include larger churches, including churches who have grown from 0 to 10 under 16's.
