What is a DSM?

Diocesan Synod Motions (DSMs) are motions passed by diocesan synods that have been referred to the General Synod. Once a DSM has been referred to the General Synod it will not come off the Agenda until it is either debated or withdrawn by the proposing diocese.

a) urge the National Investing Bodies of the Church of England to prioritise investment in renewable energy;

b) call on all parts of the Church of England to review their policies and procedures, in order to ensure that they give due priority to creation care;

d) urge all parts of the Church of England to seek to support, through prayer, advocacy and practical action, the poorest in the world who are suffering the most from the impacts of climate change, in the awareness that our nation has been among those who have benefited most from the emissions that have caused the crisis;

e) commit earnestly and regularly to pray - and to promote prayer - about the climate and wider environmental crisis.

f) call upon all institutions of the Church of England to make urgent practical preparations for the delivery of substantial reduction of the Church's carbon footprint, including, but not restricted to, the following immediate actions in respect of Church buildings:

(i) ensuring that the NCIs are adequately resourced to provide DACs, Buildings Departments, Education Departments and others with
authoritative national guidance notes, advice and training on key technical and procedural questions relating to adaptation of buildings for the net zero target; and

(ii) ensuring that Parish Buying and other national-level entities have the capacity to engage with manufacturers and suppliers of products and processes recommended for making our buildings more efficient, with a view to using the scale of the national net zero project to achieve both sympathetic design and economies of scale on cost.
