

The Ministry Mentor Directory is an **open access resource** that creates a **neutral space** for any Anglican exploring or on the journey toward lay/ordained ministry in the Church of England. The Directory is aimed at those who could be identified as historically under-recognised in the Church of England.

All mentors are trained volunteers who are passionate about supporting people from underrepresented groups on their vocational journey. None of the mentors will be part of your discernment process. They are there to accompany you on **your** vocational journey.

You can decide to have a mentor at any point of your journey. You choose the time, location and frequency of interaction with your mentor.

Ideally your mentor would work or live nearby so that you can potentially meet in person. However, most mentees meet their mentor via Zoom, Microsoft Teams or by phone. How you interact with your mentor is totally up to you.

Use the filters and the search function below to find the mentor who aligns with where you'd like to proceed on your journey and get in touch to start a conversation.

## Mentee testimonials

Listen to our mentee's stories of how the Mentor Directory programme has helped them navigate the discernment process and having the support of someone who understands what they're going through. Farida shares her story. Other testimonials can be watched by following the links below:
