

This year we've partnered up once again with UK Parliament Week 2019, an annual festival that engages people throughout the UK with the work of Parliament. Take part by holding an event, explore what Parliament means to you and encourage your community to get involved in democracy.

Sign up and receive a free kit, complete with resources to help you plan your event or activity by visiting the UK Parliament Week website. [The sign up form](#) takes about two minutes to fill in.

The free kit includes resources such as badges, bunting, wristbands, and a selfie placard. You will also receive a bespoke activity booklet, full of creative, adaptable ideas to help groups explore the work and role of the UK Parliament.

Last year, UK Parliament Week reached almost one million people, with more than 8,100 activities all over the UK and internationally.
