

jects of artistic, historical or archaeological significance in Anglican

Rickerby & Shekede

We give grants of up to £5,000 for **conservation reports** for objects of artistic, historical or archaeological significance in Anglican parish churches in England. A conservation report is an essential tool in the management of cultural property and is usually required for faculty and grant applications. More information on conservation reports can be found [here](#).

We give **groundwork grants** of up to £5,000 for specialist investigations related to the conservation of objects, including:

- Building performance surveys
- Environmental surveys or monitoring
- Reports by structural engineers

Technical analyses such as paint or pigment analysis, mortar analysis, and salt analysis

These grants are offered in partnership with the [National Lottery Heritage Fund](#), [the Pilgrim Trust](#), and the Gunnis Fund. Decisions are notified within 2 weeks of application.□

Pilgrim Trust

Deadline: Applications are accepted all year round

Decision: Two weeks after application

Our eligibility criteria

We fund conservation reports, analyses and surveys for objects that are of historical, artistic, architectural, or archaeological significance.

If you would like to discuss the eligibility of your project, [contact us by email](#) or at 020 7898 1872.

We do not fund

- Reports for objects where there is no perceived need of conservation
- Routine maintenance reports

Our assessment criteria

Significance

- Perceived conservation need and urgency
- The appropriateness of the report proposal
- We have a strong preference for the use of conservators accredited by **ICON**, the Institute of Conservation. To find an accredited conservator, please use the Conservation Register: <https://www.conservationregister.com>

Success rate

Between January and September 2023, 47 out of 52 applications were successful.
