

Retirement Services for those who serve or work for the Church

The Church of England Pensions Board

[scroll down](#)

We provide retirement services to those who serve or work for the Church.

More than 43,000 people across 700 Church organisations rely on us for their pensions. We carefully steward the c.£3.3bn of funds under our care, investing these responsibly and for the long term. We also support 2,500 residents with retirement housing.
