

*The Church of England Education Office provides a set of employment contracts for Church schools and academy staff. Following the consultation on and publication of model contracts for use in Church of England schools and academies on our website in 2016, the contracts have now been updated to reflect changes in the law including the Employment Rights (Employment Particulars & Paid Annual Leave) (Amendment) Regulations 2018 and the Employment Rights (Miscellaneous Amendments) Regulations 2019. Please note that at this time these model contracts are not applicable in Wales pending further consultation.*
