We offer a number of different retirement housing options for those who haven’t been able to make their own provision, during the course of their ministry. These include the opportunity to rent a modest home from within our rental portfolio, seven Supported Housing schemes spread across the country and a shared ownership option.

We also provide a range of support to ensure a smooth and easy transition from active ministry to retirement.

We offer:

- The opportunity to start planning your retirement housing up to five years before you retire.
- A choice of retirement housing and support so you can find a property that meets your needs and circumstances, within reasonable expectations.
- Clear, timely and accessible information and guidance to enable you to make informed decisions.
- Support in accessing any additional financial support you may be entitled to.
- A single point of contact regarding your retirement property.
- Support if your housing needs change during retirement - for both existing and new customers.
