## Summary Funding Statements and Actuarial Reports

We run a full and independent financial check on all our pension schemes every 3 years. This check is to make sure we are on track to provide everyone's promised pension. These checks are called an actuarial valuation.

In the years between valuations we review how the scheme's finances have progressed with an annual actuarial report. You can find the results of recent actuarial valuations and the annual reports below.

We are required to keep all our members up to date on how the finances of their pension is progressing. We do this using a Summary Funding Statement. Find recent statements below.

## Clergy - Summary Funding Statements

Aimed at members - our Summary Funding Statement is a way to keep up to date with how the finances of the Clergy pension scheme is progressing.
