## Committed to ethical and responsible investment

[scroll down](#)

The Pensions Board administers pension schemes for those who have worked or ministered for the Church of England. It is one of the Church's three National Investing Bodies ('NIBs').

As an investor, we are an active owner committed to managing our investments effectively. We seek to maximize long-term investment returns – to enable our members to have a secure financial future – and we are committed to ethical and responsible investment.

As a Church of England institution, we invest in a way that is consistent with the ethos and ethics of the Church of England, and we are guided in this by the Ethical Investment Advisory Group.

## Who we are

The Pensions Board's Investment team includes specialists in investment, operations and ethical and responsible investment. We are a fully integrated function, led by the Chief Investment Officer and the Chief Responsible Investment Officer. This means that to deliver on our objectives, we operate strategically through a thoughtful and collaborative approach.

# Investment

We operate three main separate pension schemes. For investment purposes, our assets are pooled to enable economies of scale and access to investment opportunities.
