This new national resource is part of 'The Pioneer Build' the Church of England's goal to double & double again the number of pioneers to 6000 by 2027 for more information [click here](#).

Following the motion passed at General Synod in July 2019, The Pioneer Build encourages every diocese & parish to be part of engaging in a 'contextual approach' by building pioneer ministry in vision, opportunity & numbers. The development hive supports dioceses & parishes as they explore 'who pioneers are & why they pioneer'. The hive is a digital platform collating and creating new and existing resources, strategic tools, research, stories & consultancy.
