

# This competition has now closed. Thank you for your interest.

The Innovative Built Solutions for Churches competition looked for churches of all denominations that are actively exploring the possibility of a small-scale housing scheme using church land or buildings to meet a local housing need.

We are offering free expert advice to seven church-led projects - up to five days each - and harness the support of potential funders and partner organisations.

For more information on the types of projects we are supporting, see our [announcement of the first two winners](#).

This programme is delivered in partnership with LivShare Consulting. Thank you to Allchurches Trust for funding it.
