

Christmas 2020 might be very different – but it is still a key season to make Jesus known.

This year HOPE Together have published a great *HOPE at Christmas* magazine in partnership with Hope for Every Home. There's also a children's booklet with the Happyland characters telling *The Christmas Story* available now, plus the fantastic [Happyland nativity video](#). And, as we head into the New Year, HOPE has lots of resources, sermon ideas and invitations to introduce *The Wellbeing Journey* at Christmas and New Year events.
