" Being born in 1948 most of my life has been lived within the life and example of Her Majesty, Queen Elizabeth II. From her service in the Second World War and her quiet, exemplary life she has been a stable calm in an ever unstable political world. To the people of Great Britain, the Commonwealth and the Royal Family please accept our heart felt condolences upon the death of our Queen. Rest eternal to her, O Lord and let Light Perpetual shine upon her. May she rest in peace. "

" Dear Royal Family, I am so sorry for the loss of your Queen, mother and grannie. I was lucky enough to visit your beautiful country 4 years ago. I went to evensong at St. paul and was in awe of its beauty. It actually renewed my faith and I've been attending mass since then back home in the USA. I sat on the steps of St. Paul and wrote lines in my travel journal.. My prayers are with all of the family and the people of England. Sincerely, Beth "

A message to remember them by:

" The Queen was my heroine - to be looked up to and revered - the person next to God who would give me wise counsel and set me on the right path, by her example. I saw her when she came to Cowdray Park to watch Prince Philip play polo when I was in my teens - and we all trod down the divots irrespective of rank or fortune. I shall miss her more than I can possibly say. May angels carry her to Heaven. "
