What is ‘Everyday Faith’?

Everyday Faith is the name given to a wide range of activities across the church of England that support and equip us all to ‘find and follow God’ in our everyday lives – Sunday to Saturday.

What is the Everyday Faith portal?

The portal is a web-based system to access digital journeys to take on your own and share with others that will inspire, equip and encourage you in your everyday faith.

How do I sign up?

You sign up by creating a log in through the main portal page – once you have done this you will be asked a couple of simple questions that help to tailor the system for your personal use.

What is this for?

The Everyday Faith portal is part of a shift in resources called for in the Setting God’s People Free report to inspire and support every member of the Church of England in an ‘all of life discipleship and vocational journey’.

Who is it for?

The portal and the resources within our intended for anyone wishing to develop their faith or support others in their faith. It can be used individually or one to one with someone else or as part of a group.

Why do I need to sign up?

Your home page is bespoke to you, based on your chosen journeys, topics and preferences. A system that allows account creation and customisation means creating a password for access. It only takes a minute or two to sign up and you can access the privacy policy to see how we steward your personal data.

How can churches use the portal?

Churches can encourage congregations to work through journeys together or simply signpost people to the portal to choose the journeys/content that they prefer.

Where does the content come from?

Content comes from a range of sources:

1. Content already created by the Church of England and the National Church Institutions, updated and made available on-demand

2. Third party content from networks and organisations that specialise in various aspects of life and faith

3. An increasing number of dioceses are providing local content that you will see in on your home page.

Will there be new journeys created?
Yes. We will be making new journeys available regularly. These will be discoverable as new featured journeys or recommended to you based on the topics you have selected.
