2. Explore what this might mean for you
3. Identify what's working well & resources

Forthcoming webinars

- **Getting started with the Church Development Tool - Tuesday 6th June, 2-3pm**

What is your church great at? What support would your congregation like to grow in faith and discipleship? How representative is your congregation of the diversity of the community you serve? The Church Development Tool can help you find out – and then point you to simple, tried, and tested resources that will help you act on what you discover.

Find out about how the Church Development Tool could help your worshipping community and see a demonstration of how to set it up and view your results using AChurchNearYou.com.

This session is aimed at church leaders.

We will cover:

- How the Church Development Tool could help you and how it can feed into things you are already doing such as Mission Action Planning
- The questions that the Church Development Tool survey asks
- Preview of materials available to help you invite your congregation to take part
- How to set up the Church Development Tool survey on AChurchNearYou.com for your church
- How to gather responses and view the results
- Time for questions

- **Centenary Project: An effective diocesan model for Children and Young People Ministry - Thursday 29th June, 2-3pm**

The Centenary Project has 20+ children's and youth ministers across the Diocese of Sheffield who are centrally employed and locally managed.

The workers are mentored, trained and supported, and meet together every month to pray, worship and hang out. Join Mike (Children and Young People's Adviser) and Sarah (Centenary Project Manager) for this webinar which will take you through the values, principles and structures that have led to growth and also hear the lessons learned over the last 8 years. Hear stories from some of the Centenary Project Workers of being good news and meeting needs in their local communities.
