The National Redress Scheme will offer financial redress as well as therapeutic, spiritual and emotional support, acknowledgment of wrongdoing on the part of the Church, apology and support to survivors of Church-related abuse.

Critical to the development and success of the Redress Scheme are the survivors and victims who generously contribute their time and energy to the project.

The Redress Survivor Working Group consists of six people, all of whom have experience of Church-related abuse, who meet regularly to consider different aspects of the Scheme's design.

Two members of the Survivor Working Group sit on the Redress Project Board, which is responsible for the Scheme's governance and policy development, and others contribute to different subgroups focussing on specific areas of the Scheme's delivery.

Learn more about who is involved in the Redress Scheme and how it is being developed in the FAQ section.

Support for survivors

If you are a survivor of Church-related abuse and are in need of urgent or immediate support, please take a look at the [Interim Support Scheme](https://www.churchofengland.org/safeguarding/redress-scheme).

If you would like additional support, you can also contact [Safe Spaces](https://www.churchofengland.org/safeguarding/redress-scheme), which is a free and independent support service, providing a confidential, personal and safe space for anyone who has been abused by someone in the Church or as a result of their relationship with the Church of England.

As an alternative, you can contact [MACSAS](https://www.churchofengland.org/safeguarding/redress-scheme), which supports women and men who have been sexually abused, as children or adults, by ministers, clergy or others under the guise of the Church.

There is also [Survivors Voices](https://www.churchofengland.org/safeguarding/redress-scheme), a survivor-led organisation that runs peer support groups for victim-survivors of all kinds of abuse, including faith-based abuse. It has a newsletter and other special events for survivors of abuse experienced in churches and other faith-based communities.
