

Over the last 18 months, many of us have noticed increases to the cost of everyday bills. Whether this is the price of our weekly shop, filling the car with fuel, or heating our homes. We recognise that the 'cost of living' is causing strain and anxiety.

We have created this page to help you find out about and access support you might be entitled to. This page draws from information published by the Government, other charities, and the wider Church. We'll update this page as new information that might help becomes available.

Help with energy bills

Government schemes

The Government has put an Energy Price Guarantee in place until end of March 2024, as a safety net against future energy rises. For more details, please refer to: [Energy Price Guarantee - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/energy-price-guarantee)

You might be able to apply for further payments towards the cost of heating your home, depending on your personal circumstances. Please go to [Grants and benefits to help you pay your energy bills - Citizens Advice](#), to find out more about the targeted help available from the Government and local authorities (e.g. the Winter Fuel and Cold Weather payments).

There are a number of charities who support those who work or minister for the Church, and their families. Some offer financial grants towards specific needs. For instance the Foundation of Edward Storey might be able to help with a one-off grant to cover specific expenses if you meet their criteria. [You can find out more about what they do, and how they can help you here.](#)
