

Based on editor feedback, we've made some improvements to AChurchNearYou.com, the national church finder tool that gives your church a free website.

What's changed?

1. **No more logging in to read inbox messages:** Inbox messages are forwarded in full to the email address of your choice, as well as appearing in the inbox.
2. **Speedier, easier editor access approvals:** Anyone with standard editor access can approve new editor requests for their church - no need to be an 'Administrator'.
3. **Reuse images with the improved image library:** Easily pick an existing image to illustrate a new event, no need to reupload an image each time, unless you want to.
