A church is more than bricks and mortar. It is a community of people who, together, live in relationship with God through Jesus Christ.

There is a church at the heart of every community. And each one puts its faith in action. Our churches run food banks and night shelters, host exercise classes, organise farmers markets, and so much more.

Our churches belong to everyone.

Our churches are often the oldest building in a village or town.

Each stone marks the location where history happened and tells of a significant event in our nation's story.

Thousands of years of history. And their architecture will inspire you.

We have over 16,000 church buildings in England and 12,500 are listed by Historic England

We estimate that 35 to 50 million people visit churches each year as tourists.

Few historic buildings are as easy to visit as a parish church. They are open and welcoming to all.

During the week, many churches are unlocked during daylight hours, and those that are not have details on display of where a key can be found.

To ensure you can gain access we suggest you contact the church in advance.
