

The Coronation of King Charles III

Resources for prayer and worship

[scroll down](#)

Many will want to mark the Coronation in prayer and in worship in our churches and in our communities. These resources are designed to help us pray for the King and to reflect on the themes explored in the Coronation Service.

Our booklet *Resources for Worship and Prayer* contains prayers for churches, families, groups, and individuals to use, Bible readings for study and reflection and for use in worship, special prayers to use in services in church, and prayers for use at a public screening of the Coronation.

This booklet provides all of the details your church will need to plan a special commemorative service.

Special forms of service are also available, which may be used as printed or locally adapted.
