

The ability of a diocese to support parish ministry is hugely influenced by the amount of Parish Share contributed by its parishes.

Throughout 2023 the Giving Directorate undertook research into what makes a successful Parish Share system. This included surveying all 42 dioceses, reviewing financial data, undertaking a communications review and holding in-depth round table discussions with diocesan staff.

The resulting report is now ready. Over 40 pages, it makes recommendations to help dioceses adopt proven good practice in this important area.

If you would like a digital copy of the report, please complete this form below:
