**4. Amending Canon No. 36 and Amending Canon No. 37: possible Article 7 reference – advice to the Chair and Vice Chair**

## **7. Any other business**

7.1. A number of matters were raised in relation to arrangements for the present group of sessions, including:

- a suggestion that the accommodation booking form should be reworked to ensure that all members could better understand why information was being requested (especially in relation to disability) and, therefore, how fully they needed to respond to the questions in order to avoid being allocated unsuitable accommodation

**Action: Secretary to raise with Synod Office**

- concern about the length of time members were queueing at meal times and the amount of rushing about members felt was required to both eat and get to fringe meetings. It was agreed, however, that the arrangements needed to be allowed to settle down so that the Business Committee could make a better assessment of the arrangements. Members were encouraged to write to the Chair of the Business Committee with specific concerns

**Action: members of Business Committee to keep under review**

- dissatisfaction that members from the same diocese were not allocated the same dining room. It was noted, however, that (i) the intention behind this was to provide members the opportunity to mix with members from other dioceses; and (ii) in cases where members from the same diocese did want to eat together for one (or more) meals, they could request transfers from one restaurant to another to enable this. The latter could, perhaps, be made more explicit

**Action: Secretary to raise with Synod Office**

7.2. It was agreed that Standing Committee minutes and agendas should be published on the website along with an email to members of the House inviting them to raise any other matters for consideration.

**Action: Secretary**

7.3. The Standing Committee warmly thanked the Secretary for the work he had done both for the Standing Committee and for the House over the past 11 years.
