##### **DRAFT AMENDING CANON NO. 35 (GS 1964A)**

Draft Amending Canon No. 35 completed the First Consideration Stage at the July 2014 group of sessions and then stood committed for revision in committee.

No proposals for amendment having been received and there being no matters for the Revision Committee to report, under Standing Order 54(d) the Revision Committee has authorised the Clerk to the Synod to inform the Synod accordingly in this Notice Paper.

The Steering Committee also gives notice that it considers that a Final Drafting Stage is unnecessary. Item 506 will, therefore, not be moved.
