The **#FollowTheStar app** will update to the Everyday Faith app after Christmas, and two booklets will be available from **Church House Publishing** in November 2019.

The 'Everyday Faith' booklet will take you on a 21-day journey to reflect, pray and discover more about what it means to live faithfully, hopefully and lovingly as a Christian in the 21st century.

An accompanying booklet – 'Everyday Faith for Churches' – will suggest some small changes churches can make to encourage us to be God's church in the world, Monday to Saturday, as well as Sunday.
