Give a Little

Give A Little is a donations app partnered with Sum Up to process payments. Many churches are already registered to use Sum Up contactless card readers.

Give A Little have developed a new online giving function. **By signing up with Parish Buying, churches will receive 8 months free access to the Premium membership** making it straight forward for givers to make a **Gift Aid declaration** for their donation. This free Premium membership has been provided by the Archbishops' Council and is available for the online giving platform only.

The normal transaction rate for GAL is 1.95% which we believe is the best value rate in the market. **SumUp are running a special offer offering 0% transaction fee on all donations received during May.**
