#### SIXTH NOTICE PAPER

#### SPEAKERS' LIST FOR SUPPLEMENTARY QUESTIONS

The following members have indicated that they wish to ask supplementary questions in Question Time. The team will seek to cue in members where possible. It would therefore be very helpful if members could be ready as 'their' question is reached. We are attempting to find a way of ensuring that as many questions are answered within the time available, and members are asked to bear with us if this means that there is some loss of the spontaneity attached to Questions when we are assembled physically.
