

This is a record of the companies contacted by the Investor Mining and Tailings Safety Initiative, the status of the company responses and a link to their disclosure (where this has been made).

The Initiative asked companies to:

1. Publish the disclosure on their company website within 45 days.
2. Ensure that the disclosure is signed by the company Chief Executive Officer or Board Chair.
3. Consider how to communicate any disclosure with communities that might be affected by the company tailings footprint.
4. If unable to answer a question, or provide the requested information, the company should clarify what action it is taking to address the issues.

For further information, please see the website: <https://www.churchofengland.org/investor-mining-tailings-safety-initiative>

The total number of eligible publicly traded companies as of 5 May 2021 is 721. This is an increase from the project's launch as, following discussions with investor partners, the Initiative has decided to reach out to an additional list of companies. Market capitalisation data is accurate as of 30 April 2021.

The Initiative is also in discussion with other institutions in order to find an ongoing home for the disclosures that will allow further analysis and development.
