INTRODUCTION

ChurchCare, the Cathedral and Church Buildings Division of the Church of England, is a national resource offering a comprehensive source of information and conservation support, including funding grants for nearly 16,000 parish churches (12,500 of which are listed) and 42 cathedrals.

We work with external heritage and professional organisations to maintain best practice and improve standards of care and conservation.

The conservation grants programme supports parishes in the conservation of ecclesiastical furnishings and artworks of historic and artistic significance. These grants are targeted at the main categories of objects and materials found in Anglican parish churches: bells, books and manuscripts, clocks, decorative plasterwork, metalwork and church plate, monuments, organs, paintings on canvas and wood, stained glass, textiles, timberwork, wall paintings and historic structures in churchyards. Our grants for urgent fabric repairs help parishes maintain their buildings and protect the historic contents within them.

The aim of this programme is to support the care and conservation of church buildings and their contents, balancing it with the needs of worship and mission. In addition to the conservation works, our grants also help with costs associated with preliminary surveys and preparation of conservation reports. The aim of these grants is to allow for the detailed study of the condition of objects and analysis of the causes of their deterioration, in order to establish an informed conservation strategy. The assessment of applications is carried out by seven committees that draw together 58 professionals who are experts in their particular fields and ensure that grants promote best conservation practice. A list of membership is presented at the end of this report.

Over the following pages, we provide an overview of our grant awards for conservation and fabric repairs in 2018 and 2019. These are not the statutory accounts for the grants programme. ChurchCare's operating and staff costs are funded by the Archbishops' Council. However, the conservation grants programme is financially independent and does not receive any central church funds. It relies on donations from external charitable bodies and individuals. Grant-related funds administered by the division are audited and reported in The Archbishops' Council Annual Report and Financial Statements.

OUR FUNDERS

The Conservation Grants Programme (for the conservation of artworks and historic furnishings) was funded by donations from The Pilgrim Trust, The Radcliffe Trust, The Anglican Parish Churches Fund (APCF), The Oswald Allen Fund and The Gunnis Fund. In addition, the Church Buildings Council allocated £37,000 in 2018 and £19,118 in 2019 from its own Founders' Fund.

The Fabric Repairs Grants Programme was funded by donations from The Wolfson Foundation Trustees for the repair of fabric of listed church buildings amounted to £400,000 in 2018 and £403,000 in 2019.

Without the generous support of our funding partners we would not be able to help the thousands of volunteers that look after some of England's most treasured heritage, found in our parish churches.

Funding partner	2018	2019
The Wolfson Foundation	£400,000	£403,000
The Pilgrim Trust	£211,600	£213,000
The Radcliffe Trust	£20,000	£25,000
Founders Fund	£37,000	£19,118
APCF		£10,000
Gunnis Fund	£625	£1250
Oswald Allen Bequest		£6245

To find out more on how you can partner with ChurchCare to support the conservation of church heritage please contact Janet Berry janet.berry@churchofengland.org
