

**Let's Go Zero
unites UK
schools
working to be
zero carbon by
2030.**

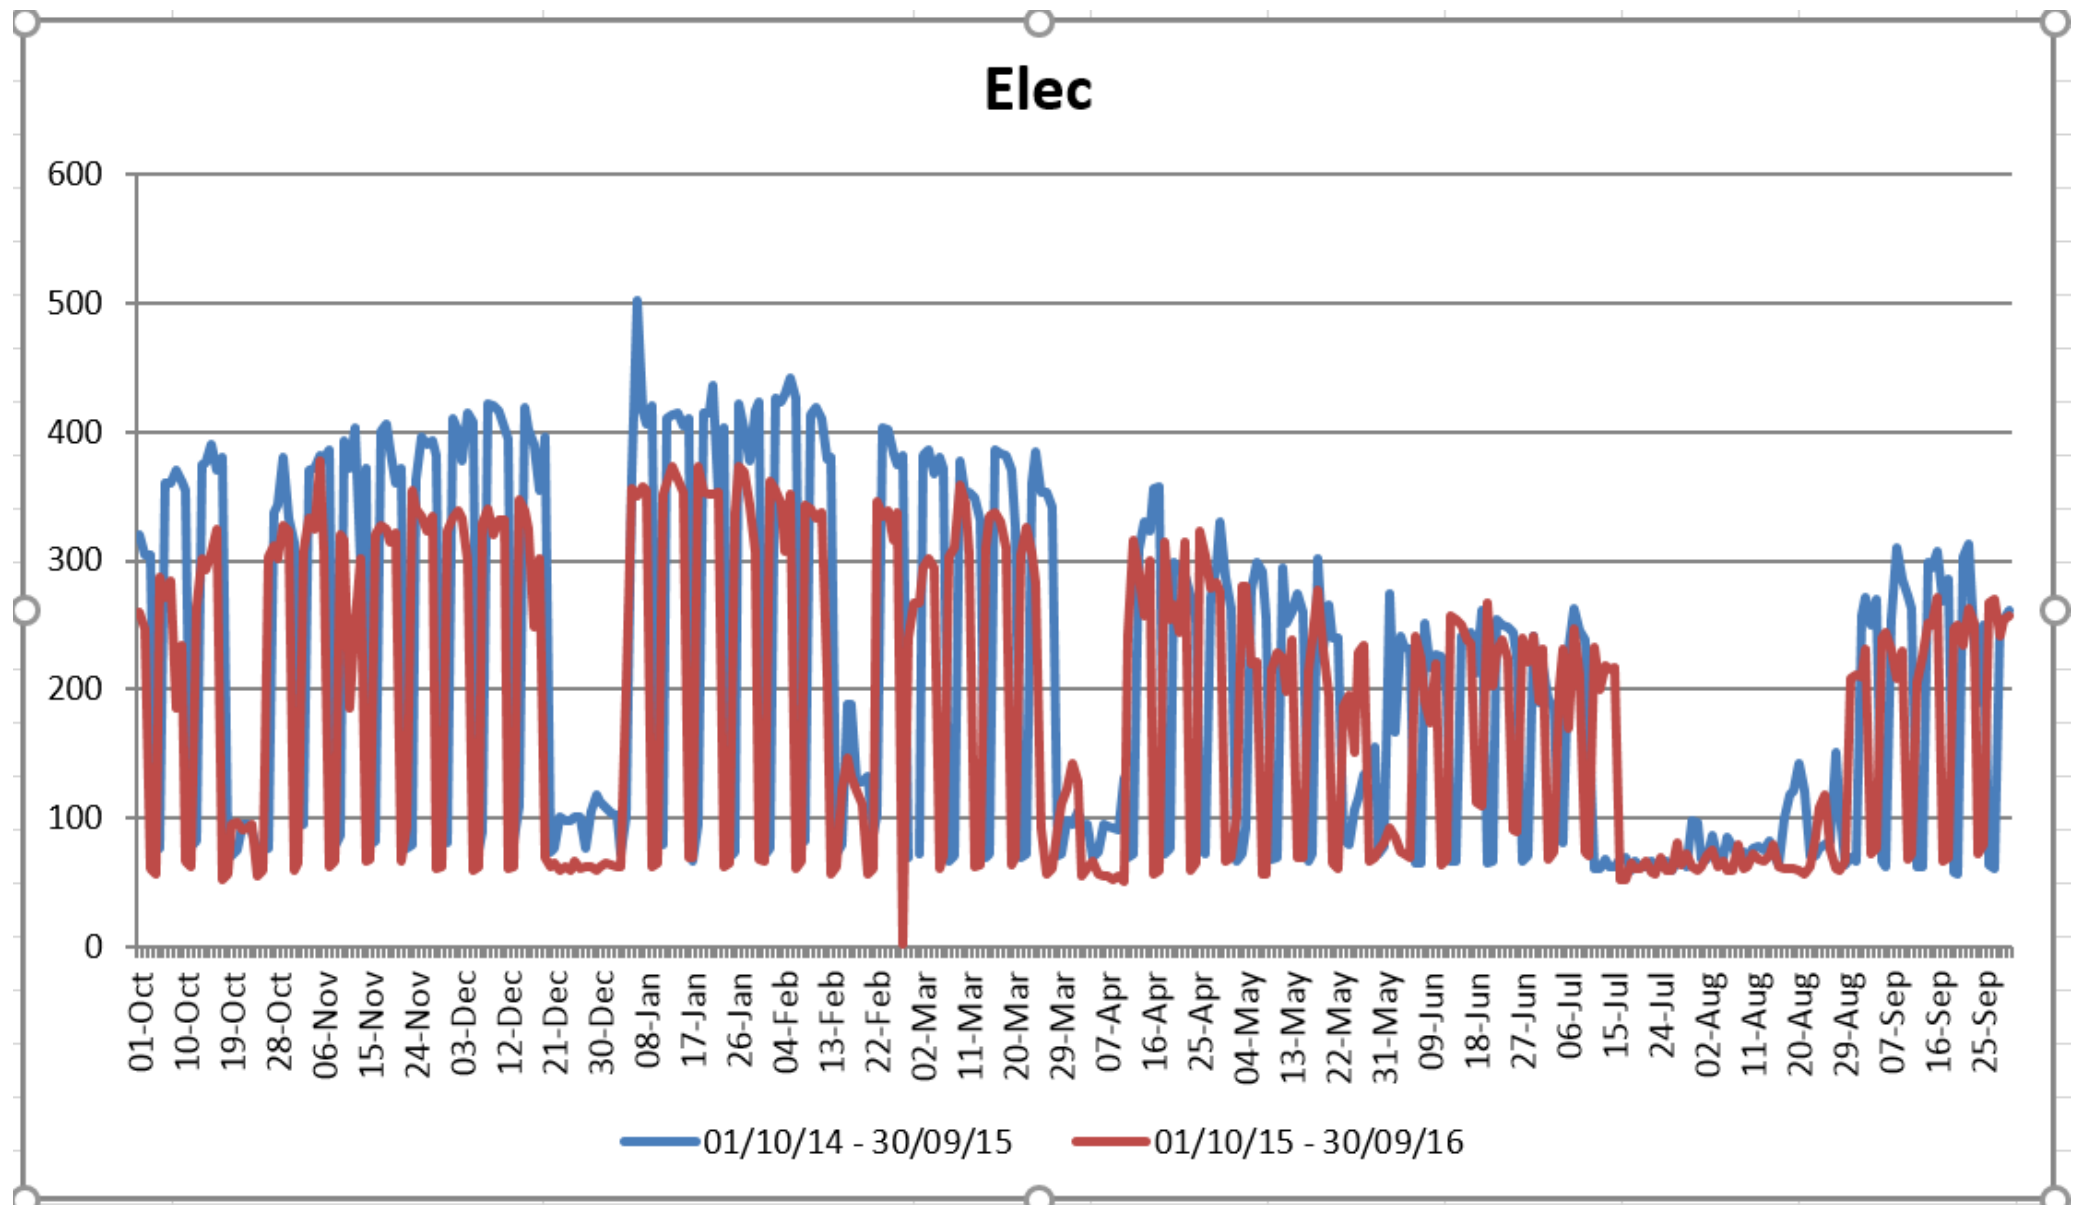

**That's a huge
challenge – but
transforming our
schools will help
safeguard the planet
for future generations.**

Overdale Primary, Leicester

Saving 129,959 kWh, £3,900

Scraptoft Primary Annexe, Leicester

Saving £1,000

A powerful network of organisations with a strong track record of supporting schools and young people to take action.

Since November launch, 370+ schools
- representing 150,000 students and
21,000 staff - have signed up.

Rollout strategy:

1. Coalition connections with over 15,000 schools.
2. Growing network of multiplier organisations who will promote the campaign. For example:
 - The Church of England who support 4,700 schools in England and Wales.
 - The National Education Union with 450,000 members.
3. Mainstream press and social media.
