

GENERAL SYNOD

JULY GROUP OF SESSIONS 2022

TWELFTH NOTICE PAPER

GROUP WORK

Vision and Strategy Group Work

<p>What can we learn from each other? - new research into parishes with growing youth and children's work</p>	<p>Hosted by Debbie Clinton, Co-Director Vision and Strategy with Revd Graham Hamilton (Vicar at St Peter, St Paul & St Thomas of Canterbury, Bovey Tracey in Exeter Diocese) and Revd Adam Gaunt (Vicar at St Leonard, Loftus-in-Cleveland in York Diocese)</p>	<p>This is a first look at research initiated following a Synod debate on Children's and Youth Ministry in February 2020. Qualitative and quantitative research was undertaken with Savanta ComRes to understand how parishes have grown their engagement with young people. Two Synod members whose parishes were among those researched will bring their perspective.</p>	<p>Derwent College D/L/047</p>
<p>Church/school/home working together – going to where the young people already are.</p>	<p>Hosted by Lucy Moore, Head of the Growing Faith Foundation</p>	<p>Where are the opportunities in your parish for going to where young people and children already are, and making the most of the intersections between these three communities?</p>	<p>Derwent College D/L/046</p>
<p>Creative ways to reach underrepresented groups - what works and what doesn't work?</p>	<p>Hosted by Andy Milne, Missional Youth Church Network and Dave Male,</p>	<p>Andy Milne will be sharing the story of 'Sorted' in Bradford and some other projects in the North. Plus a chance to talk about what is, or what could be, working in your diocese to reach underrepresented groups.</p>	<p>Vanbrugh College V/123</p>

	Co-Director Vision and Strategy		
What if there are no young people? Starting youth work in parishes – learning from St Albans, Blackburn and London dioceses.	Hosted by Chris Curtis, Chief Executive, Youthscape	A growing number of churches are finding there are unexpected and exciting ways to begin work with young people, even where resources and people are scarce. In this workshop we'll follow the hopeful stories of 140 churches who have participated in the Launchpad project from the Diocese of St Albans, London and Blackburn - and discover what might be possible in your own location.	Vanbrugh College V/045
God has not forgotten people and places on the margins - how do we join in?	Hosted by: Dave Champness, National Church of England Estates Evangelism Consultant and estates practitioners	Over 1/3 rd of synod members live in parishes ranked in the bottom 20% for income deprivation. The Estates Evangelism Task Group will share how we envisage the new Vision and Strategy being delivered through the lens of income deprived contexts; contexts where God is already working in the lives with some of the most marginalised souls in our society. How do we join in with his purposes? New synod member, Fr Alex Frost, will share more of his story on the frontline of modern poverty (as featured on the BBC news and a forthcoming book) and how we all can, and should, espouse Christian virtues of love, kindness, tolerance.	Exhibition Centre P/L005
Everyday Witness - 'motivating the million'	Hosted by: Stephen Hance - Co-	The recent 'Talking Jesus' research highlighted that most non-churchgoers know	Exhibition Centre P/L001

to reach our communities	Head, Church and Network Support	at least one practicing Christian. Yet many Christians are hesitant in talking about their faith. How do we build confidence and courage to share our faith stories appropriately?	
The future of online church - some lessons from Easter 2022	Hosted by: Bob Jackson – writer and former archdeacon	Online Church looks here to stay as part of our mixed ecology. Using Easter 2022 attendance data, Bob Jackson looks at how the online-onsite mix is developing as we move further away from Covid restrictions.	Exhibition Centre P/X001
Getting in & joining in - disabled people and the Church	Hosted by: Zoe Heming and Fiona MacMillan	Disabled people are the largest marginalised group in the Church of England. Work to date has largely focused on buildings and pastoral care. Ahead of Monday afternoon's motion, this short workshop explores disabled people's experience of church, why we need to go beyond 'lifts, loos and loops', and how we can start to make things better.	Central Hall – main chamber
Solving wicked problems – how to make the Church of England more ethnically diverse.	Hosted by: Sanjee Perera , Archbishops' Adviser on Minority Ethnic Anglican Concerns	This workshop will explore what it means to be a more diverse church and ask if it is merely about co-opting UKME/GMH members to visible platforms and committees, and targeted recruitment drives. Or is there more to addressing this Wicked problem ; how do we strategize catalyst change. What does a truly diverse Church look, sound and feel like? Join us for a workshop that will ask difficult questions and set you to work on a series of entertaining and educational experiments.	Exhibition Centre P/T005A
