 - i. Would like a separate website for this to enhance the navigation that's more suited to the e-manual
 - ii. CofE have previously done some work around bringing separate sites into the main site therefore this approach is not recommended based on the wider digital strategy
 - iii. If using the same theme as CofE/ABC/ABY, could spin up another multisite but if not, it would need to be a completely separate site (with additional hosting etc costs)
 - iv. **Action:** Alice to send Joe the original brief for the e-manual
 - v. **Action:** Joe to send across requirements/mock up for this in order for BBD to draft an estimate
