Foreword

Cathedrals matter. They are places of worship and welcome; of history and education; of joyous exuberance and quiet reflection.

This report provides summary information about some aspects of the life of cathedrals. The figures cover attendance at regular acts of worship and at the great festivals of Easter and Christmas, as well attendance at a wide range of other services. They also illustrate some of the other roles that cathedrals play in their communities, such as through hosting educational visits, graduation ceremonies, and concerts. The significant place of cathedrals in the musical life of the nation is shown by their choirs, choristers, and other musicians.

This report contains information provided by Head Vergers, Chief Operating Officers, and Deans. I am grateful for the time they have taken to provide accurate and timely figures, and to respond swiftly to queries.

Dr Ken Eames, Senior Statistical Researcher, Church of England Data Services team

Summary

This report presents information about worship and other activities taking place in Church of England cathedrals from 1st January to 31st December 2023. Data were sought from all 42 mainland Church of England cathedrals and from Westminster Abbey, through the annual cathedral statistics survey. Among other things, the survey asked about attendance at Sunday and midweek services; Easter and Christmas services; school visits; baptisms, marriages, and funerals; musical activities and volunteering. The survey form and guidance notes can be found in Appendix 4.

By most measures, attendance, participation, and engagement were higher in 2023 than in 2022, but lower than they were in 2019. Those few exceptions where the 2023 figures were lower than those from 2022 – particularly baptisms, marriages, and graduations – suggest that the 2022 numbers included some things that had been postponed from previous years.

Recent trends in cathedral attendance and participation

The COVID-19 pandemic that began in 2020 had a huge effect on the worshipping life of cathedrals, as it did on so many aspects of life. As expected, many measures of cathedral attendance and participation fell sharply in 2020, recovering in 2021 and 2022. Most measures further recovered in 2023, while remaining below their 2019 levels (Table 1). For example, Adult usual Sunday attendance rose by 3% from 2022 to 2023, but was 17% below its 2019 level.

The Community Roll and funerals numbers both remained much more stable over the course of the pandemic than other measures. These exceptions are unsurprising: Community Roll is not a measure of attendance, and funeral services were able to continue, albeit with restrictions, during the pandemic. Marriages and baptisms fell from 2022 to 2023 (in the case of marriages, 2022 numbers were above those in 2019), which suggests that some of the marriages and baptisms that took place in cathedrals in 2022 were those that were rescheduled having not been able to take place in cathedrals during the pandemic.

Patterns of cathedral attendance and participation are, in general, similar to those seen in other Church of England churches, as described in detail in the 2022 Statistics for Mission report¹.

Further details and longer-term trends can be seen in the figures and tables in the remainder of this report.

Regular Attendance

Usual Sunday and Midweek Attendance

Figures 1 and 2 show the usual Sunday and midweek attendance, per week, at all 42 Church of England mainland cathedrals at services on the weekly calendar in a 'normal' week. For data from before 2020, a 'normal' week refers to those weeks that are not major festivals or contained in a peak holiday period, and that do not include special events or services; from 2020 onwards the question asked about attendance during October. This difference may affect the comparability of the figures between years.

Data are separated into Sunday and midweek attendance, where the midweek count includes services held Monday to Saturday. People attending more than one service on the same day or in the same week were, wherever possible, only counted once no matter how many services they attended.

Figure 1: Sunday attendance (per week) at Church of England cathedrals, 2013-2023²

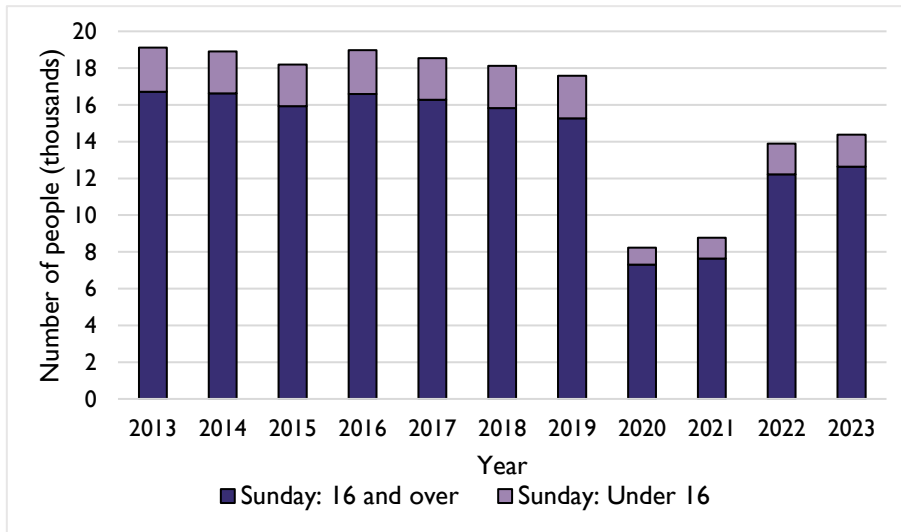

Figure 2: Midweek attendance (per week) at Church of England cathedrals, 2013-2023

In 2023, a weekly total of 30,300 people (of whom 85% were adults and 15% were children) were reported attending cathedral services. This is 7% more than the equivalent figure from 2022, and a 18% decrease on the 2019 figure.

² As with other charts in this report, data tables containing the information shown in Figure 1 can be found in Appendix I.

Figure 3: Usual Sunday and midweek attendance (per week) at Church of England cathedrals, 1995-2023³

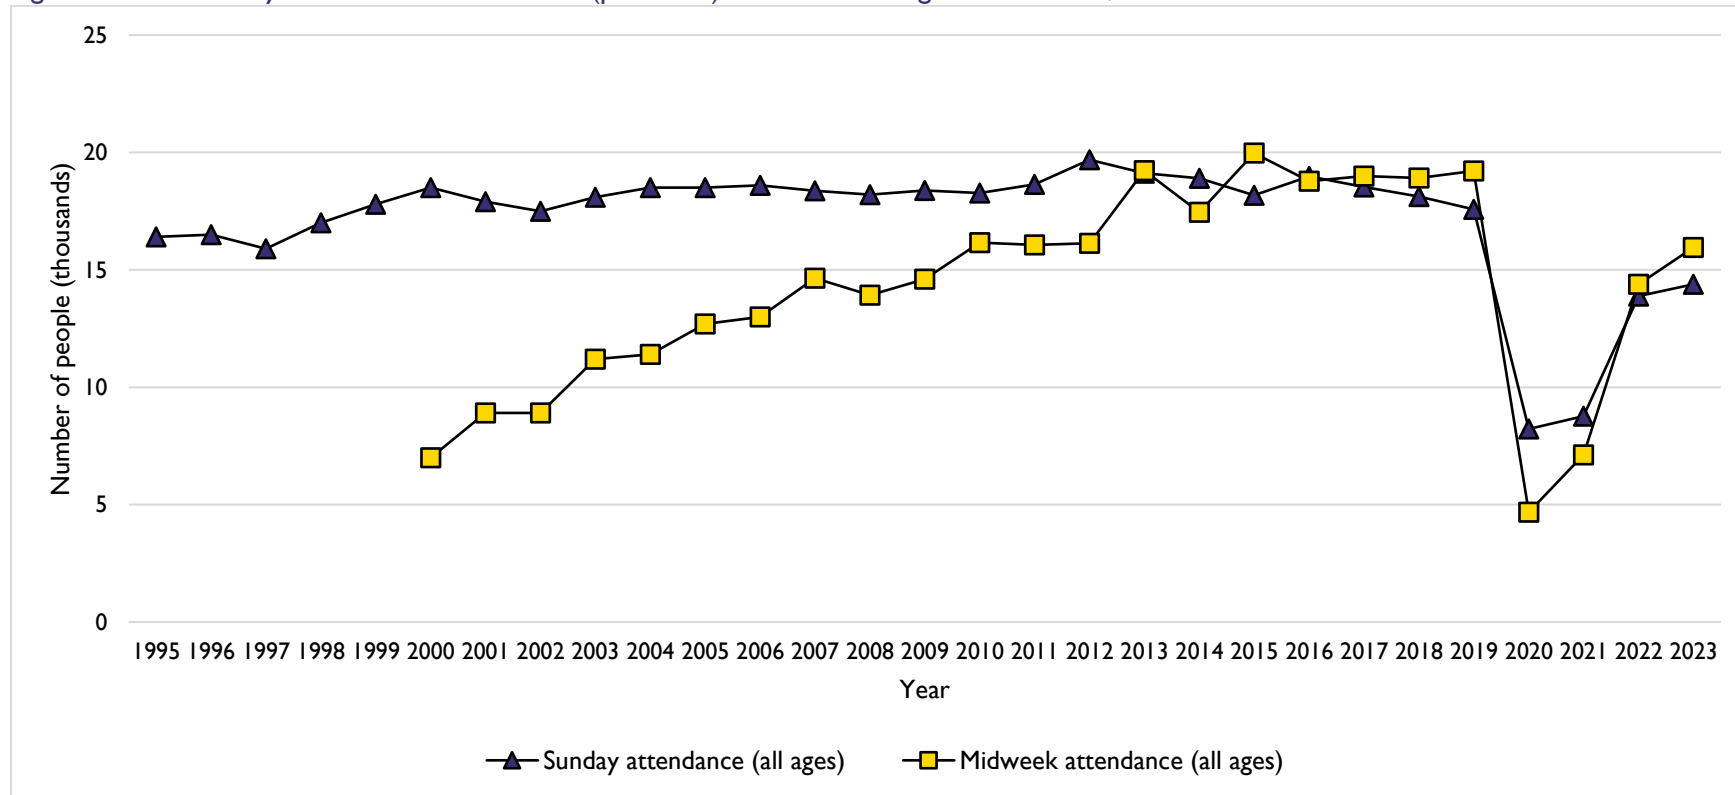

Figure 3 shows usual weekly attendance at Sunday and midweek services from 1995-2023. Sunday attendance was fairly stable from 2000-2019. Reported midweek attendance rose from 7,000 people per week in 2000 (when first reported) to a peak of 20,000 people per week in 2015, since when it remained stable until 2019. Attendance at midweek services showed a sharper fall in 2020 and a faster recovery thereafter than attendance at Sunday services.

³ Midweek attendance figures were first reported in the year 2000.

Additional Regular Services

Figure 4a shows the total reported annual attendance at additional ‘regular’ services. These refer to additional services that happen at least once a month but not necessarily weekly and that are not part of the weekly pattern of services (i.e. those included in Figures 1 and 2).

Three categories are shown: regular fresh expressions of Church (and other community services); regular services for schools; and all other regular services. Attendance at fresh expressions of Church is also shown in Figure 4b, to show the change between years more clearly.

Figure 4a: Total annual attendance at additional regular services at Church of England cathedrals, 2013-2023⁴

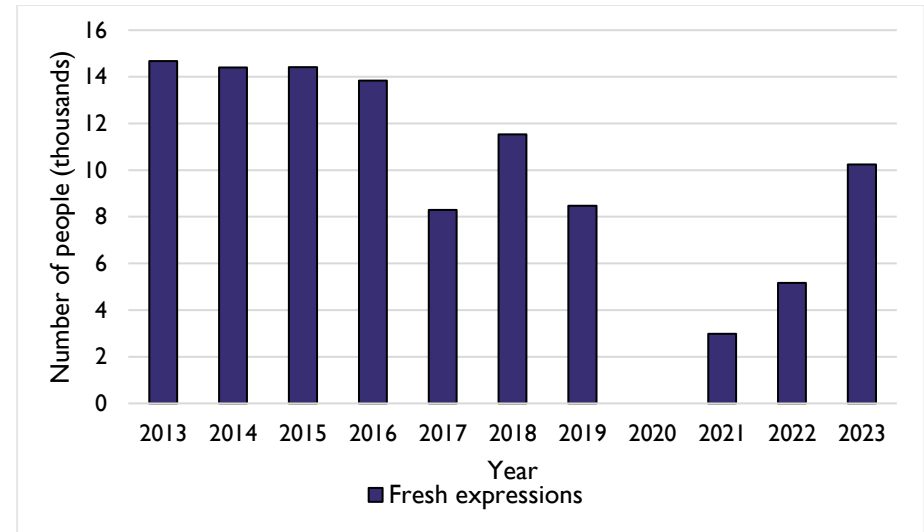

Figure 4b: Total annual attendance at Fresh expressions of Church, 2013-2023

An annual attendance of 385,400 was reported at additional regular services conducted at least once a month (including fresh expressions of Church and school services) in 2023, as shown in Figure 4a.

An annual attendance of 10,200 was reported at fresh expressions of Church in 2023.

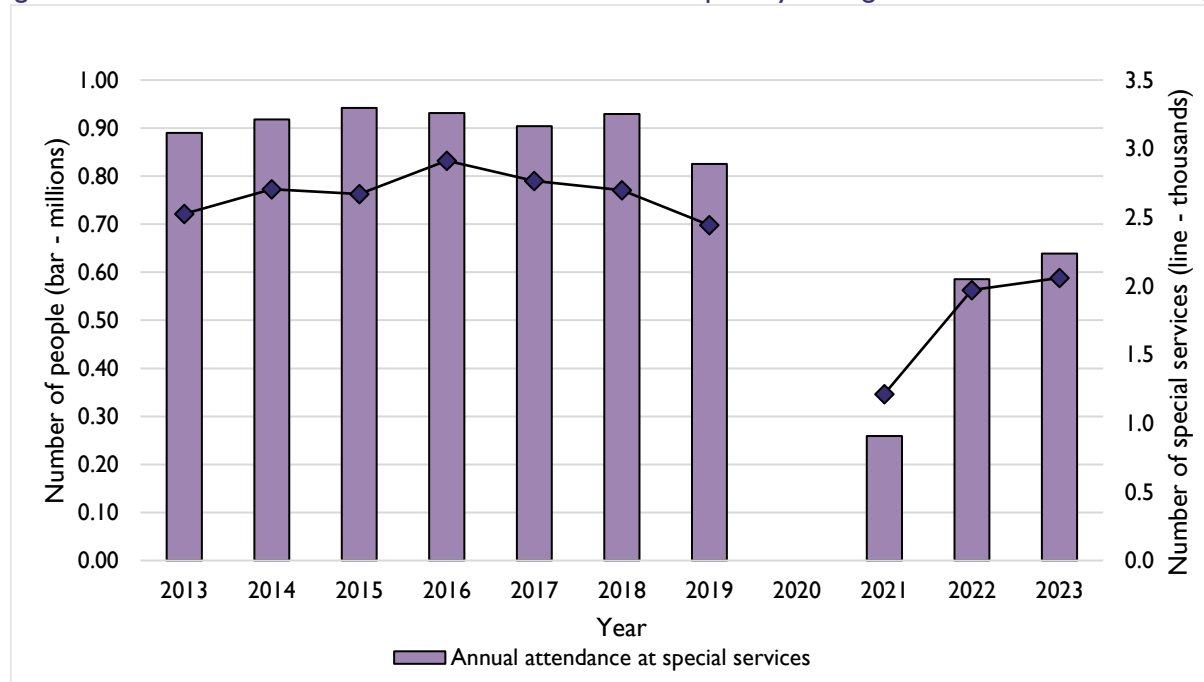

⁴ Data related to fresh expressions of Church and additional regular services were not collected in 2020.

Special Event Attendance

Attendance at specially arranged services is not included in average weekly attendance, shown in Figure 1, or the total annual attendance for additional regular services, shown in Figures 4a and 4b, as they are not part of the regular pattern of services; attendance at specially arranged services is reported separately in this section.

Figure 5 shows the total number of people reported annually at ‘specially arranged services’, which includes diocesan or episcopal services (such as annual festivals / diocesan services), irregular services for schools (for example, an end of term / year service), other special services (excluding memorials) and services away from the cathedral building.

Figure 5: Annual number of and total annual attendance at specially arranged services at Church of England cathedrals, 2013-2023⁵

An annual attendance of 638,900 was reported at 2,060 specially arranged services at cathedrals in 2023.

Attendance at specially arranged services in 2023 is broken down as follows: 105,000 at 420 diocesan or episcopal services; 256,700 at 500 specially arranged school services; 256,500 at 1,070 other special services; 20,700 at 80 services held away from the cathedral.

⁵ From 2014, data were collected on services held away from the cathedral buildings.

Figure 6: Annual number of and total annual attendance at public / civic events at Church of England cathedrals, 2013-2023⁶

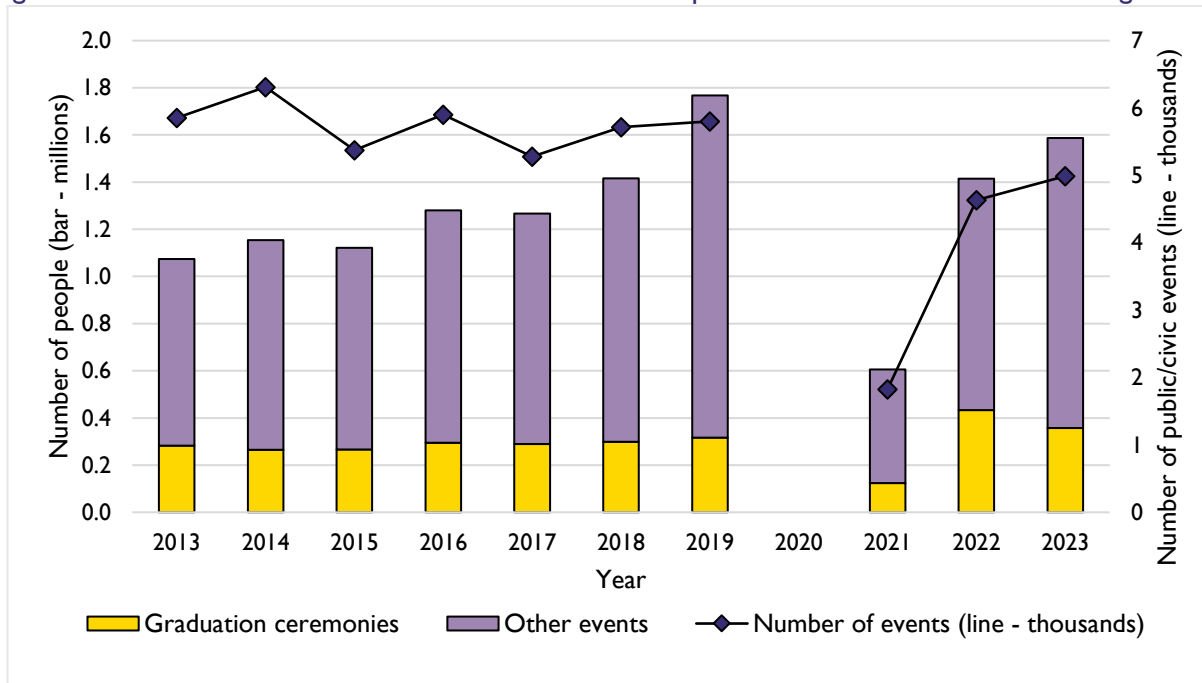

Figure 6 shows the total number of people reported attending public or civic events, which includes graduation ceremonies, conferences, concerts and meetings.

An annual attendance of 1,590,000 was reported at 5,000 public / civic events in cathedrals in 2023.

Attendance is broken down as follows: 357,000 at 430 graduation ceremonies; 1,230,000 at 4,560 other public / civic events.

⁶ These data were not collected in 2020.

Easter and Holy Week Attendance

Figure 7a shows the total number of people reported as attending services at Church of England cathedrals over Easter (including vigil services on Easter Eve). All data include adults, children and young people, clergy and laity, and the attendance figure includes both communicants and those that did not receive communion. Figure 7b shows attendance during Holy Week specified, since 2014, as the period from Palm Sunday to Good Friday. Note that no in-person Easter services were permitted in 2020 due to the lockdown restrictions that were in place at the time.

Figure 7a: Easter attendance at Church of England cathedrals, 2013-2023

Figure 7b: Holy Week attendance 2014-2023⁷

In 2023, total reported attendance at Easter services was 45,000. Of those who attended services at Easter 2023, 22,100 received communion, 49% of those who attended.

A total attendance of 85,100 was reported at services during Holy Week in 2023.

⁷ Reported consistently since 2014.

Christmas and Advent Attendance

Figure 8a shows the total number of people reported attending Church of England cathedrals on Christmas Eve and Christmas Day. All data include adults, children and young people, clergy and laity, and the attendance figure includes both communicants and those that did not receive communion. Figure 8b shows attendance during Advent which, since 2014, was specified as the period from Advent Sunday to 23 December.

Figure 8a: Christmas attendance at Church of England cathedrals, 2013-2023

Figure 8b: Advent attendance 2014-2023⁸

In 2023, total reported attendance at Christmas services was 124,500. Of those who attended services at Christmas 2023, 28,500 received communion, 23% of those who attended.

A total attendance of 536,000 was reported at services during Advent in 2023.

⁸ Reported consistently since 2014.

Occasional Offices

Baptisms and Thanksgiving services

During 2023, 576 baptisms were conducted in Church of England cathedrals. Fewer than five birth or adoption thanksgiving services took place in 2023.

From 2019 onwards, baptisms have been recorded in five categories: infants under one year, children aged 1 to 4 years, children aged 5-10 years (previously 5-12 years), young people aged 11-17 years and 18+ years adults (previously youth/adult/13+ years).

For baptisms that took place in 2023, 172 (30%) were of infants under one year; 152 (26%) were of children aged 1 to 4 years; 47 (8%) were of children aged 5-10; 64 (11%) were of young people aged 11-17 years; and 141 (24%) were of adults aged 18 or over.

Figure 9: Baptisms at Church of England cathedrals, 2013-2023

Marriage, Funeral and Memorial services

217 marriages were conducted in cathedrals during 2023. 23 blessings of marriage were conducted in cathedrals in 2023. The number of marriage services, shown in Figure 10, includes couples newly married in the relevant year, whilst blessings of marriage includes the number of couples for whom a service of prayer and dedication (after a civil marriage) was held in the cathedral, and does not include the renewal of vows.

Figure 10: Marriage services at Church of England cathedrals, 2013-2023

Figure 11: Funeral and memorial services at Church of England cathedrals, 2013-2023

The total number of funeral services, shown in Figure 11, is broken down by the number of services held in the cathedral and the number of services conducted on behalf of the cathedral at a crematorium or cemetery (excluding committal or burial of ashes only). In each case, the number of funerals include those conducted on behalf of the cathedral or parish by any minister, including stipendiary, self-supporting and retired clergy. 323 funerals took place in or on behalf of cathedrals in 2023, of which 270 took place in the cathedral and 53 at a crematorium or cemetery. In addition, 128 memorial services took place in cathedrals in 2023.

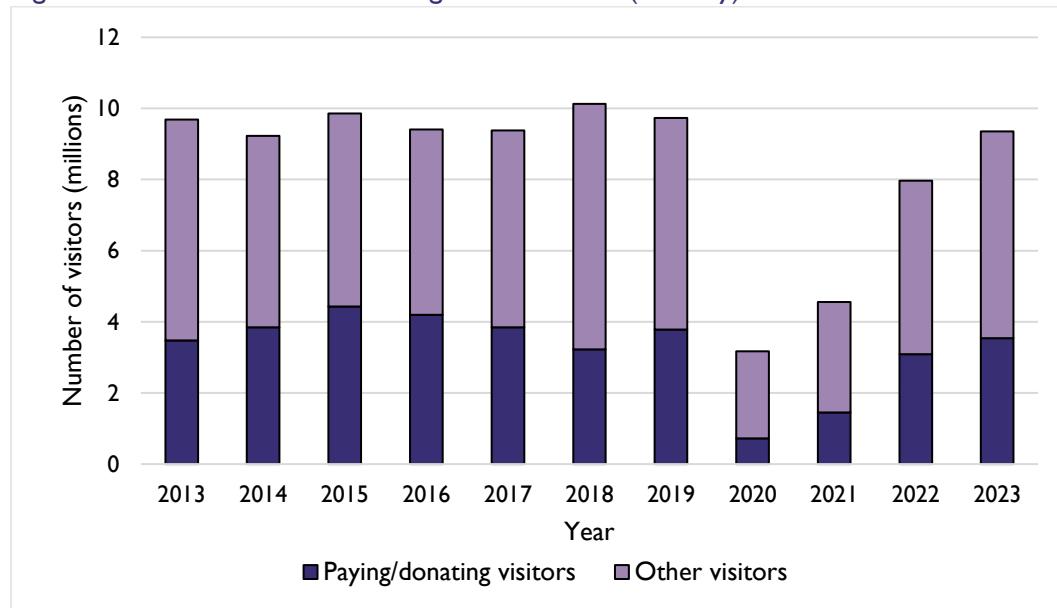

Visitors

The total number of visitors is shown in Figure 12. Visitors are recorded in two categories - those paying (either by donation or paying at point of entry) and those that did not pay. Visitor numbers exclude those people attending services and events mentioned elsewhere in this report.

In 2023, cathedrals reported 9.35 million visitors.

Just over half of the cathedrals reported having some paying or donating visitors. Paying or donating visitors accounted for 38% of all visitors (3.54 million visitors) to cathedrals in 2023.

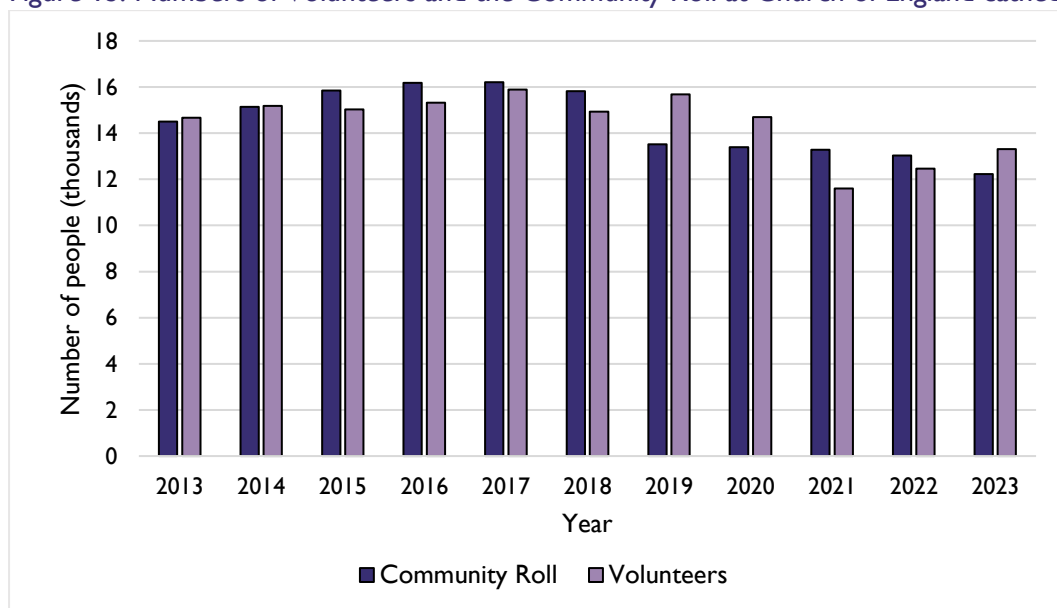

Figure 12: Visitors to Church of England cathedrals (annually) 2013–2023

Volunteers and Community Roll

Figure 13 shows the total number of people volunteering at Church of England cathedrals (including servers, welcomers, stewards, flower arrangers, committee members and other unpaid posts). The number of people on the cathedral Community Rolls is also shown in Figure 13. Lay members aged 16 years and over, who are baptised and are resident in the cathedral parish or, if not resident, have habitually attended public worship in the cathedral during a period of six months prior to enrolment, are entitled to have their names entered upon the roll of a cathedral. The Community Roll was last renewed in 2019, which may account for the notable change from 2018 to 2019 and relative lack of change thereafter.

Figure 13: Numbers of Volunteers and the Community Roll at Church of England cathedrals, 2013-2023

There were 13,300 people reported as volunteers in cathedrals during 2023.

12,200 people were members of cathedrals' Community Rolls in 2023.

Education

Educational events

Figure 14 shows the number of children/students attending organised educational events during the year, which took place either in the Cathedral or were organised by the Cathedral and took place elsewhere, broken down by age / year groups⁹. The total number of children and young people attending organised educational events in cathedrals in 2023 was 193,200.

Figure 14: Children and young people attending educational events at Church of England cathedrals 2013-2023¹⁰

⁹ Key Stage 1 (KS1): Ages 5-7 / Years 1 and 2; Key Stage 2 (KS2): Ages 7-11 / Years 3, 4, 5 and 6; Key Stage 3 (KS3): Ages 11-14 / Years 7, 8 and 9; Key Stage 4 (KS4): Ages 14-16 / Years 10 and 11; 16 – 18: those in further education such as in sixth form or college, for example Years 12, 13 and 14; 18+: those in higher education, for example university.

¹⁰ No data relating to educational events were collected in 2020.

Cathedral schools

Figure 15 shows the proportion of students attending schools associated with Church of England cathedrals, broken down by age / year groups. Due to the differing number of cathedrals reporting each year, proportions rather than numbers of students are shown, to allow for year-on-year comparison; numbers of students can be found in Appendix I.

The data relate to schools or academies that are part of a cathedral foundation or have formal links/relationship with a cathedral during the academic year. From 2015, question wording was changed to clarify that this meant formal governance links.

In 2023, 23,870 students were reported attending cathedral schools or schools formally associated with cathedrals. The largest proportion of those attending cathedral schools in 2023 was at secondary / senior level, which accounted for 66% of all students reported and consistently accounts for the highest proportion of students every year. Primary / prep accounted for the next highest proportion in 2023 (19%), followed by 16-18 year olds (11%).

Figure 15: Proportions of children and young people attending schools associated with Church of England cathedrals, 2013-2023

Music in Cathedrals

Choristers and voluntary choir members

Figure 16 shows numbers of Choristers in Church of England cathedrals. Prior to 2013, only the total adult Lay Clerks / Choral Scholars figures were recorded; adults were split into men and women from 2013.

Figure 17 shows numbers of members of voluntary choirs at Church of England cathedrals.

Figure 16: Choristers in Church of England cathedrals, 2013-2023

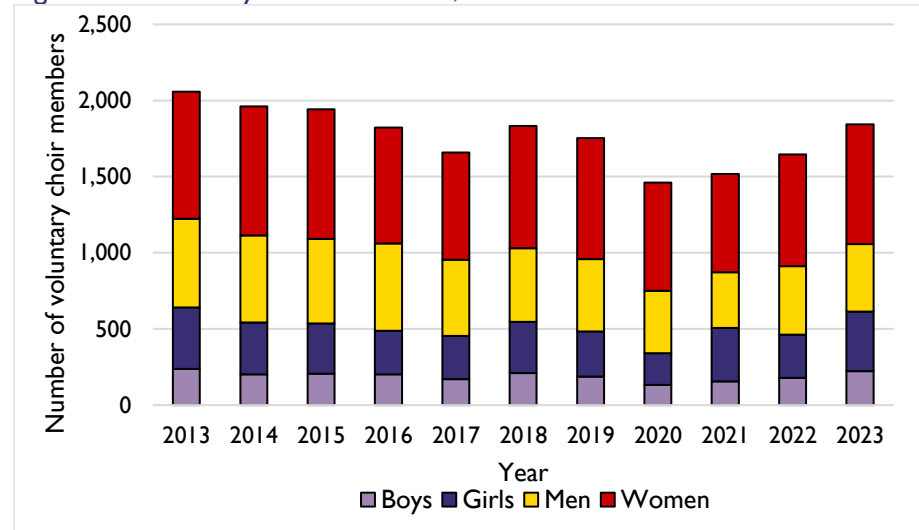

Figure 17: Voluntary Choir members, 2013-2023

In 2023, 1,560 boy and girl choristers and 500 lay clerks / choral scholars (i.e. adults) were reported as providing choral music for cathedrals.

Voluntary choirs in 2023 reported 1,840 members. More volunteer choir members are adults (67%) compared to cathedral choirs (24%). Voluntary choirs contain more adult women than cathedral choirs; 43% of volunteer choir members were women in 2023, compared to 5% of cathedral choir members.

Number of choirs

In 2023, cathedrals reported 32 male, 30 female and 106 mixed choirs. Cathedrals reported 789 visiting choirs in 2023.

Figure 18a: Number of Choirs in Church of England cathedrals, 2013-2023

Figure 18b: Number of visiting choirs, 2013-2023

Musicians

In 2023, cathedrals reported a total of 168 regular and 766 occasional musicians. 73% of the 168 regular musicians were adult men, 17% were adult women. 57% of the occasional musicians were adult men, 21% were adult women.

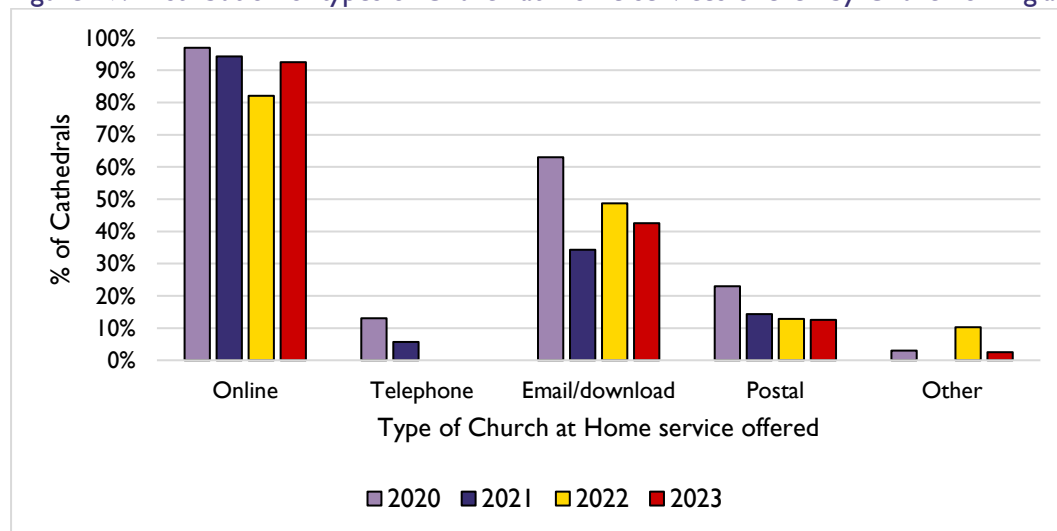

Church at Home

In March 2020, in response to the COVID-19 pandemic, in-person collective worship was suspended. The 2020 Cathedral Statistics return was adapted to collect information about the “Church at Home” services – those services offered online, by phone, post, email, and other means – offered by cathedrals during the March-July 2020 lockdown, and during October 2020. Since then, many cathedrals have continued to offer this ministry.

Church at Home services can take a variety of forms, including online services that are live-streamed or pre-recorded; telephone or dial-in services; services that are downloadable from a website or emailed to the congregation; and services that are printed and posted or hand-delivered to members of the congregation. Cathedrals can potentially offer one or multiple types of Church at Home service.

95% of cathedrals offered Church at Home services in October 2023, up from 85% in 2022. Figure 19 shows the percentages of cathedrals offering each type of Church at Home from 2020-2023. Online services were the most frequently reported type of Church at Home, offered by almost all cathedrals that offered Church at Home services. Other types of Church at Home were less common, and were universally offered less frequently in 2023 than in 2022.

Figure 19: Distribution of types of Church at Home services offered by Church of England cathedrals, 2020-2023

Cathedral-level summary information

Every cathedral is different, serving different communities in different ways. There are many ways to describe the “size” of a cathedral, of which a few are shown in Table 2. This table gives a sense of the range of cathedrals. For example, the average Adult usual Sunday attendance in 2023 was 301 people; Adult usual Sunday attendance at the median (middle) cathedral in 2023 was 222 people; a quarter of cathedrals had Adult usual Sunday attendance in 2023 of 180 or fewer people; a quarter of cathedrals had adult usual Sunday attendance in 2023 of 318 or more people.

Appendix I: Data Tables

Where appropriate, data are rounded to the nearest 100 or 10, or 5. In some cases, where data are greater than zero but fewer than 5, “<5” is shown. Totals are calculated from unrounded data and are shown in bold. Data for previous years may have been updated since earlier reports, due to re-estimation. Data for Westminster Abbey are not included in the tables but are shown in footnotes to each table.

2023	10,200	224,500	150,600	385,400

Westminster Abbey 2023: no regular schools' services, no fresh expressions of Church and no other regular services attendance.

Numbers in attendance at additional regular services are not included in average weekly attendance figures, as they are not part of the weekly calendar of services.

The wording of the question asking about additional regular services was changed in 2013 to ensure the weekly pattern of services was not included. This resulted in a reduced total, hence only data for 2013 onwards are shown in Table 4.

These data were not collected in 2020.

Appendix 2: Methodology

There are 42 Church of England cathedrals in mainland England, listed below, all of which participated in this exercise along with Westminster Abbey (which is not a cathedral, but a Royal Peculiar). The map in Appendix 3 shows the location of all participating cathedrals from which data have been aggregated to show the totals reported in Figures 1 to 19 (names listed below, with diocese name in brackets if not already in the name of the cathedral). Westminster Abbey is not shown on the map because data from Westminster Abbey are reported separately via footnotes accompanying tables 3 to 18.

Wells Cathedral (Bath and Wells diocese)	Gloucester Cathedral	Rochester Cathedral
Birmingham Cathedral	Guildford Cathedral	St. Albans Cathedral
Blackburn Cathedral	Hereford Cathedral	St Edmundsbury Cathedral (St. Edmundsbury & Ipswich diocese)
Bradford Cathedral (Leeds diocese)	Leicester Cathedral	Salisbury Cathedral
Bristol Cathedral	Lichfield Cathedral	Sheffield Cathedral
Canterbury Cathedral	Lincoln Cathedral	Southwark Cathedral
Carlisle Cathedral	Liverpool Cathedral	Southwell Minster (Southwell & Nottingham diocese)
Chelmsford Cathedral	St. Paul's Cathedral (London diocese)	Truro Cathedral
Chester Cathedral	Manchester Cathedral	Wakefield Cathedral (Leeds diocese)
Chichester Cathedral	Newcastle Cathedral	Winchester Cathedral
Coventry Cathedral	Norwich Cathedral	Worcester Cathedral
Derby Cathedral	Christ Church Cathedral (Oxford diocese)	York Minster
Durham Cathedral	Peterborough Cathedral	Westminster Abbey (Royal Peculiar, London)
Ely Cathedral	Portsmouth Cathedral	
Exeter Cathedral	Ripon Cathedral (Leeds diocese)	

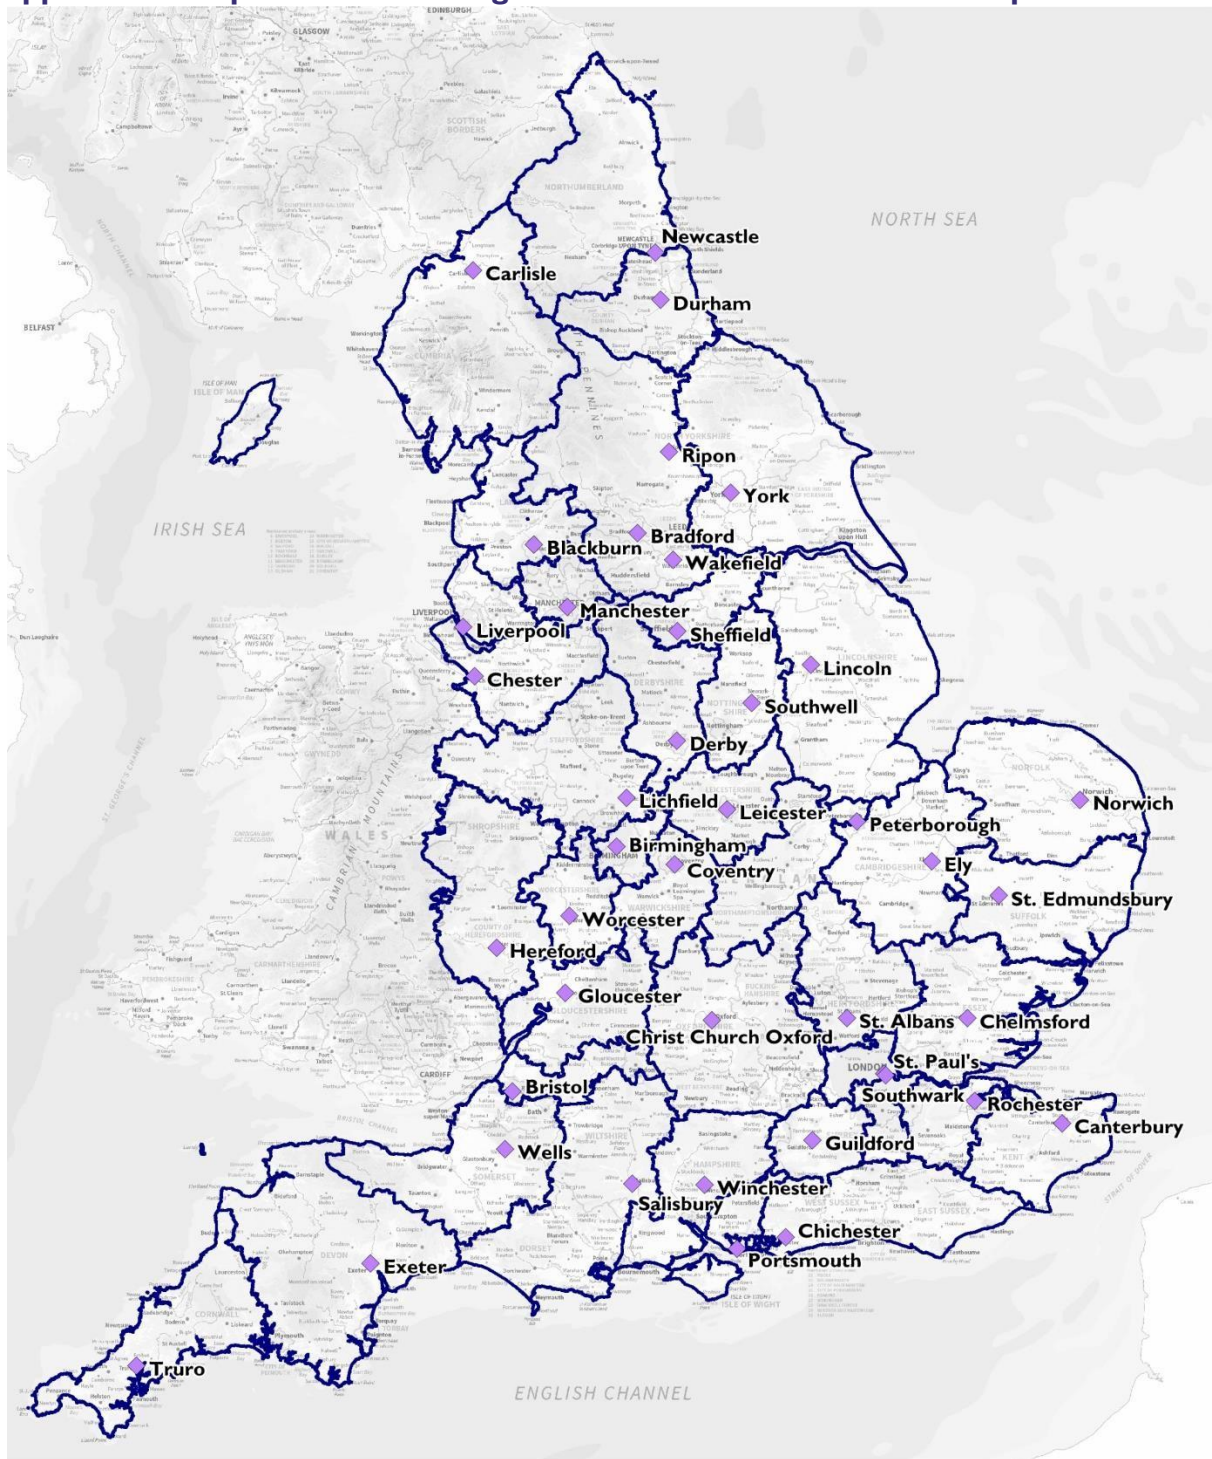

Data in this report have been collated from the annual cathedral returns completed each year by Head Vergers, Chief Operating Officers, and Deans. The form in Appendix 4 was sent electronically to all Church of England cathedrals, and Westminster Abbey, in early 2024. Data were checked upon the form being returned, and any anomalies or missing data queried directly with the cathedral and amended where necessary.

In the case of no response from the query, estimation was carried out based on previously held data. For the 2022 dataset the approach to estimation was as follows (the same approach was taken in 2020 and 2021): for each variable, an average value was calculated from the 2022 data. An average was also calculated from a subset of the 2019 data that included only those cathedrals for which data were received in both 2019 and 2022. The trend from 2019 to 2022 was then calculated based on that subset of cathedrals. Each variables' calculated trend was then applied to the 2019 data for those cathedrals that had not submitted a return in 2022 to generated estimated values for 2022. The sum totals reported in the tables of this report are the sum of all the reported and estimated values for 2022. Figures were not received from one cathedral in 2023; its 2022 figures were used as an estimate.

In some instances, late returns and corrections mean that figures in this report differ from those previously published.

As has been the case since 2016, all visitor figures in this report are taken from the returns provided by cathedrals themselves and not from external sources; in reports prior to 2016, visitor figures for Canterbury, London, and Westminster Abbey were taken from www.alva.org.uk.

Appendix 4: Cathedral Statistics Form 2023

Cathedral Statistics: January to December 2023

Cathedral name:	Diocese:
Please name any parish, district, mission or fresh expression churches that are included in this return:	

We're keen to find out anything you can tell us, and your best approximation is fine if you don't have precise numbers. Please don't worry about anything you don't feel able to answer. Where no instances occurred please enter "0" or "N/A" as appropriate. **Blank answers may be queried with you later.**

I. Electoral Roll / Cathedral Community Roll

This section refers to the number of people on the Electoral/ Community Roll, as presented to the Annual Parochial Church/ Cathedral Community Roll Meeting in 2023.

Number of people on the Electoral Roll / Cathedral Community Roll:	
--	--

2. Attendance

Attendance on Sundays and Midweek (October 2023)

This section focuses on services which happen each week, for example, Morning and Evening Prayer, Eucharist, and Evensong. If attendance fluctuates, an 'average' should be given, based on those weeks when services take place, and excluding major festivals or peak holiday periods.

- ✓ Please record separately the number of adults (16 years old and over) and children (under 16 years old) attending Sunday and midweek services, Sunday schools or activities involving worship.
- ✓ Note that midweek count includes Saturday services.
- ✓ All people should be counted, including those leading services.
- ✓ As far as possible, do not count the same person multiple times – if someone attends more than once on a usual Sunday or in a usual week, please only count them once.
- ✓ Include those present for any part of a service or activity involving worship.

Please record the usual / average number of people per week.

	Sunday	Midweek
Number of children and young people (under 16 years old):		
Number of adults (16 years old and over):		

Additional Regular Services

This section focuses on services which are held at least once a month but not part of the weekly pattern of services (i.e. not including those weekly services covered in the previous section); for example fresh expressions of church and community services, school services and other services such as healing, Taize and Iona.

A fresh expression is a form of church established primarily for the benefit of people who are not yet "members" of any church. Do not include activities such as Alpha or outreach activities which do not include worship. If you are uncertain as to whether an activity or service in your Cathedral counts as a Fresh Expression please visit <http://www.freshexpressions.org.uk> or use the "Choice tree" at the end of this form.

Please record the total number of people attending in person for the entire year.

Services for schools:	
Other regular services:	

Specially Arranged Services

This section should include:

- ✓ Diocesan or Episcopal services, e.g. Ascension Day, Pentecost, ordinations, Chrism Mass (but excluding Christmas and Easter services).
- ✓ Services in response to a special occasion, e.g. civic, county and charity services, installation of Canons, anniversary services such as centenary celebrations, diocesan celebrations and confirmations (excluding confirmation services included elsewhere).
- ✓ Services for schools that are not regular, e.g. leavers', end of term, or school carol services.
- ✓ Services outside the Cathedral building, e.g. carols around the Christmas tree, Palm Sunday processions.

Please record the total number of in person attendees and total number of services / events for the entire year.

- **16-18 years:** includes school years 12, 13 and 14 (Sixth form/AS/A level). Students will typically study in either the sixth form of a secondary school or a further education college.
- **18+:** those in higher education, for example colleges and universities.

Please record the number of students attending organised educational events during the year that took place in, or were organised by, the Cathedral during 2023.

Nursery / pre-prep / KS1	Primary / Prep / KS2	Secondary / Senior / KS3-4	16-18 years old	18+ years old

Cathedral Schools

This section looks at the number of children / students attending schools or academies that are part of Cathedral foundation or had formal links with the Cathedral during the academic year.

If the figure as at 31 December 2023 is unavailable, please state the number registered at the start of the academic year (i.e. September 2023). Age / year groups are as in the previous section.

Please record the total number of students attending schools with formal governance links with the Cathedral during 2023.

Nursery / pre-prep / KS1	Primary / Prep / KS2	Secondary / Senior / KS3-4	16-18 years old	18+ years old

5. Visitors

This section refers to visitors to the Cathedral who have not been counted in the previous sections.

- ✗ Do not include those attending services and events counted elsewhere.
- ✓ In the first box, please record the number of visitors to the building paying to enter or donating at the point of entry.
- ✓ In the second box, please record the number of visitors to the building who do not pay/ donate on entry. Non-paying includes those possibly donating at an alms box after entering.

Please record the total number of visitors to the Cathedral during the year.

Number of visitors paying / donating at point of entry:	
Number of other visitors (i.e. non-paying, excluding any attending services and events covered in previous sections):	

6. Baptisms and thanksgivings for the gift of a child

This section refers to baptisms and thanksgivings for the gift of a child that were held during the year in the Cathedral. If separate baptisms and services of thanksgiving were held for any individual, then both should be recorded.

Please record the total number of people in each age group baptised during the year, or for whom a birth or adoption thanksgiving service was held and registered.

	Infants (< 1 year)	Children (1-4 years)	Children (5-10 years)	Young people (11-17 years)	Adults (18+)
Number of persons baptised:					
Number of persons for whom a birth or adoption thanksgiving service was held:					

7. Marriages and services of prayer and dedication after civil marriages

This section refers to those married in the Cathedral, or for whom a prayer and dedication service after civil marriage was held in the Cathedral during the year.

- ✗ Do not include the renewal of vows on an anniversary or other occasion.

Please record the total number of couples married in the Cathedral, and for whom a prayer and dedication service after civil marriage was held in the Cathedral, during the year.

Number of couples married in the Cathedral:
